2013
Educator Preparation Performance Report
John Carroll University

Institution Profile

(Data Source: John Carroll University)

John Carroll is a private, coeducational, Jesuit Catholic university providing programs of study in the liberal arts, sciences, and business at the undergraduate level and in selected areas at the master's level.

Licensure Test Scores for Individuals Completing Educator Preparation Programs at John Carroll University

Reporting period for 9/1/2011 through 8/31/2012

(Data Source: John Carroll University)

Description of Data:

For the period reflected on this report, Ohio required that teacher candidates pass Praxis II® examinations by scoring at or above the state's established required score to be recommended for licensure and receive endorsements in specific fields. The reporting for Teacher Licensure Test Scores is based on Federal Title II data and therefore reflects only initial licensure for 2011-2012. Data are not provided for additional licenses that an educator earns after her/his initial license. Individual candidates often take more than one licensure examination; the number of licensure program completers reported reflects the unduplicated number of individuals taking examinations. For institutions with fewer than 10 linked teachers or principals, only the N is reported.

Summary Rating: Effective		
	Completers Tested	**Pass Rate Percentage**
All Teacher Licensure Tests	75	91%

2013
Educator Preparation Performance Report
John Carroll University

Value-Added Data for Individuals Completing Educator Preparation Programs at John Carroll University

Reporting period for 9/1/2012 through 8/31/2013

Description of Data:

Ohio's value-added data system provides educators a more complete picture of student growth. As a vital component of Ohio's accountability system, districts and educators have access to an extensive array of diagnostic data through the Education Value-Added Assessment System (EVAAS). From a state perspective, value-added data provide insights into student performance. For example, schools that do not appear to be achieving at high levels as traditionally measured can demonstrate through value-added data that many of their students are achieving significant progress. It is important to recognize these gains, as schools work to support students who have chronically struggled to perform. Student growth measures also provide students and parents with evidence of the impact of their efforts.

Limitations of the Value-Added Data:
1. The information in the report is for those individuals receiving their licenses with effective years of, 2009, 2010, 2011, and 2012.
2. The value-added data in this report are those reported by Ohio's Education Value-Added Assessment System (EVAAS) based on reading and mathematics achievement tests in grades 4-8.
3. The number of teachers and principals (N) with associated value-added data remains small at this point. For institutions with fewer than 10 linked teachers or principals with value-added data, only the N is reported.

John Carroll University Candidate Academic Measures

Reporting period for 9/1/2012 through 8/31/2013
(Data Source: John Carroll University)

Description of Data:

Educator preparation programs (EPPs) reported academic measures for students completing their teacher and principal preparation programs. Academic measures reported include assessment results for the ACT®, SAT®, Praxis I®, GRE®, and MAT®, as well as high school, undergraduate, graduate, transfer grade point average, and program admission (GPA). The Ohio Board of Regents calculated statewide weighted mean values based on the EPP-reported data. For institutions with fewer than 10 linked teachers or principals, only the N is reported. Academic measures which do not apply to a specific unit or program are represented by NA.

Field and Clinical Experiences for John Carroll University Candidates

Reporting period for 9/1/2012 through 8/31/2013

(Data Source: John Carroll University)

Description of Data:

Ohio requires that teacher candidates complete field and clinical experiences in school settings as part of their preparation. These experiences include early and ongoing field-based opportunities and the culminating pre-service clinical experience commonly referred to as "student teaching." The specific requirements beyond the requisite statewide minimums for these placements vary by institution and by program. The information below is calculated based on data reported at the unit level.

Teacher Preparation Programs

Field/Clinical Experience Element	John Carroll University Requirements
Minimum number of field/clinical hours required of candidates in teacher preparation programs at the institution	
Maximum number of field/clinical hours required of candidates in teacher preparation programs at the institution	
Average number of weeks required to teach full-time within the student teaching experience at the institution	15
Percentage of teacher candidates who satisfactorily completed student teaching	98.86%
Minimum number of field/clinical hours required of candidates in teacher preparation programs at the institution	
Maximum number of field/clinical hours required of candidates in teacher preparation programs at the institution	
Average number of weeks required to teach full-time within the student teaching experience at the institution	15
Percentage of teacher candidates who satisfactorily completed student teaching	100%
Minimum number of field/clinical hours required of candidates in teacher preparation programs at the institution	100
Maximum number of field/clinical hours required of candidates in teacher preparation programs at the institution	396
Average number of weeks required to teach full-time within the student teaching experience at the institution	15
Percentage of teacher candidates who satisfactorily completed student teaching	100%

Principal Preparation Programs

Field/Clinical Experience Element	Requirements
Total number of field/clinical weeks required of principal candidates in internship	15
Number of candidates admitted to internship	3

Teacher Pre-Service Survey Results

Description of Data:

To gather information on student satisfaction with the quality of preparation provided by their educator preparation programs, the Ohio Board of Regents and a committee of representatives from Ohio institutions of higher education collaborated to develop a survey of Ohio's Pre-Service Teachers as a special research project. Questions on the survey are aligned with the Ohio Standards for the Teaching Profession (OSTP), Ohio licensure requirements, and elements of national accreditation. The Ohio Board of Regents distributed the online survey to candidates completing their student teaching experiences and collected the data for the Reporting period for 9/1/2012 through 8/31/2013. A total of 3570 respondents completed the survey statewide for a response rate of 81 percent.

John Carroll University Survey Response Rate = 51.35%

Total Survey Responses = 38

No.	Question	Institution Average 1=Strongly Disagree 2=Disagree 3=Agree 4=Strongly Agree	State Average (Mean) 1=Strongly Disagree 2=Disagree 3=Agree 4=Strongly Agree
1	My teacher licensure program prepared me with knowledge of research on how students learn.	3.48	3.49

	educator focused on student learning.		
33	My teacher licensure program provided cooperating teachers who supported me through observation and conferences (face-to-face or via electronic media).	N<10	3.53
34	My teacher licensure program provided university supervisors who supported me through observation and conferences (face-to-face or via electronic media).	N<10	3.51
35	My teacher licensure program provided opportunities to work with diverse students (including gifted students, students with disabilities, and at-risk students).	N<10	3.29
36	My teacher licensure program provided opportunities to understand students' diverse cultures, languages, and experiences.	N<10	3.27
37	My teacher licensure program provided opportunities to work with diverse teachers.	N<10	3.17
38	My teacher licensure program provided opportunities to interact with diverse faculty.	N<10	3.16
39	My teacher licensure program provided opportunities to work and study with diverse peers.	N<10	3.24
40	Overall, the faculty in my teacher licensure program demonstrated in-depth knowledge of their field.	N<10	3.49
41	Overall, the faculty in my teacher licensure program used effective teaching methods that helped promote learning.	N<10	3.37
42	Overall, the faculty in my teacher licensure program modeled respect for diverse populations.	N<10	3.47
43	Overall, the faculty in my teacher licensure program integrated diversity-related subject matter within coursework.	N<10	3.31
44	Overall, the faculty in my teacher licensure program used technology to facilitate teaching and learning.	N<10	3.25
45	Overall, the faculty in my teacher licensure program conducted themselves in a professional manner.	N<10	3.56
46	My teacher licensure program provided provided clearly articulated policies published to facilitate progression to program completion.	N<10	3.30
47	My teacher licensure program provided provided opportunities to voice concerns about the program.	N<10	3.12
48	My teacher licensure program provided provided advising to facilitate progression to program completion.	N<10	3.29
49	My teacher licensure program provided prepared me with the knowledge and skills necessary to enter the classroom as a Resident Educator.	N<10	3.17

2013
Educator Preparation Performance Report
John Carroll University

National Accreditation

(Data Source: Ohio Board of Regents)

Description of Data:

Educator preparation programs (EPPs) reported academic measures for students completing their teacher and principal preparation programs. Academic measures reported include assessment results for the ACT®, SAT®, Praxis I®, GRE®, and MAT®, as well as high school, undergraduate, graduate, transfer grade point average, and program admission (GPA). The Ohio Board of Regents calculated statewide weighted mean values based on the EPP-reported data. For institutions with fewer than 10 linked teachers or principals, only the N is reported. Academic measures which do not apply to a specific unit or program are represented by NA.

Accrediting Agency	NCATE
Date of Last Review	October 2012
Accreditation Status	Accredited

Teacher Residency Program

Reporting period for 9/1/2012 through 8/31/2013

(Data Source: Ohio Department of Education)

Description of Data:

The Resident Educator Program in Ohio is a broad system of support that encompasses a robust four-year teacher development system designed to improve teacher retention and increase student learning. Data are reported for those entering the Resident Educator Program in SY2011-2012 and SY2012-2013. Non-completion does not imply dismissal, but rather may be due to multiple factors.
