Educator Preparation Performance Report
Early Childhood Education • Marietta College

Licensure Test Scores for Individuals Completing the Early Childhood Education Program at Marietta College

(Data Source: Educational Testing Service (ETS) / United States Department of Education)

Description of Data: In addition to requiring all teacher candidates to pass the Praxis ® licensure exam at the state determined cut score, for some licensure programs, Ohio requires that teacher candidates pass additional examinations at the established cut scores to be recommended for licensure and receive endorsements. The 2012 Report for Teacher Licensure Test Scores for the 2010-2011 year is based on Title II data and therefore reflects only initial licenses.

Licensure Test	Test Score Range	Test Cut Score	Completers Tested	Program Average Scaled Score	Completers Passed	Program Pass Rate	State Average Pass Rate	State Average Scaled Score

Field and Clinical Experiences for Early Childhood Education Candidates at Marietta College

Description of Data: Ohio requires that teacher candidates complete field and clinical experiences in school settings as part of their preparation. These experiences include early and ongoing field-based opportunities and the culminating pre-service clinical experience commonly referred to as "student teaching." The specific requirements for these placements vary by institution and by program. The information below is reported at the pro. (Data Source: Marietta College)

Field/Clinical Experience Element	Requirement
Minimum number of field/clinical hours required of program candidates	290
Maximum number of field/clinical hours required of program candidates	290
Average number of weeks required in the student teaching experience	
Average number of weeks required to teach full-time within the student teaching experience	
Percentage of teacher candidates who satisfactorily completed student teaching in 2012.	100

Early Childhood Education Excellence and Innovation Initiatives at Marietta College

Description of Data: This section provides each program the opportunity to share information on a maximum of three initiatives geared to increase excellence and support innovation in the preparation of Ohio educators. (Data Source: Marietta College)

Initiative #1: Marietta College Summer Reading Clinic

Purpose: Intensvie clinical experience in assessment and remediation of literacy skills

Goal: Early childhood candidates gain expereince in assessing student literacyplanning literacy instuction and working with groups of pre-K-5 students.

Number of Participants: 18

Strategy: Marietta College partners with local school districts and the local Rotary Club to offer an intensive 3-week reading clinic for area preK-5 students. Early childhood candidates serve as teachers for small groups of students in conjunction with a required reading clinic course. Candidates pre-assess each studentselect appropriate materialsand plan daily instructional activities. Candidates complete a diagnostic report at the conclusion of the experience. This report is shared with parents and with the child's school.

Demonstration of Impact: P-12 student enrollment in the program has increased substantially since the program's inception due largely to parent and teacher satisfaction with the program. Several schools utilize this program as part of their continuous improvement plans. On the survey of program completers and the survey of graduatescandidates indicate this to be one of the most valuable program experiences.

External Recognition: We received an award from Rotary International for an outstanding program to address their international focus on literacyarticles in the local news

Initiative #2: Washington School Partnership

Purpose: Professional Development School Focusing on Early Childhood Program

Goal: To provide a school based setting where college facultyschool-based facultyand candidates work together to impact student learning.

Number of Participants: 40

Strategy: This partnership is built around a professional development school model. Early childhood candidates engage in clinically based coursework at the school. College classes are held at the school site where candidates are able to engage in field experiences with students. Classes conducted at the site in 2011-12 were Foundations of ReadingMath methodsScience methodsand Childrens Literature. Faculty participate in PLC groups with school-based facultywho also contribute to course instruction. All EC candidates will complete a year of field/clinical at the school beginning in fall of 2013.

Demonstration of Impact: This is a relatively new initiative and data has not yet been collected.

External Recognition: Two conference presentations

Initiative #3: Night at the Museum

Purpose: Living museum experience for local third and fourth grade students

Goal: To enable candidates in early childhood social studies methods to apply course content to the planning and implemetation of a museum experiencee

Number of Participants: 16

Strategy: This partnership is built around a professional development school model. Early childhood candidates engage in clinically based coursework at the school. College classes are held at the school site where candidates are able to engage in field experiences with students. Classes conducted at the site in 2011-12 were Foundations of ReadingMath methodsScience methodsand Childrens Literature. Faculty

participate in PLC groups with school-based facultywho also contribute to course instruction. All EC candidates will complete a year of field/clinical at the school beginning in fall of 2013.

Demonstration of Impact: Teacher and parent satisfaction; Museum staff indicate an increased local interest in the museum due to this program

External Recognition: Newspaper articles in the Parkersburg and Marietta papers; Segment on the local NBC TV station

Pre-Service Teacher Survey Results

Description of Data: To gather information on student satisfaction with the quality of preparation provided by their teacher education programs, the Ohio Board of Regents and a committee of representatives from Ohio institutions of higher education collaborated to develop a survey of Ohio's Pre-Service Teachers as a special research project. Questions on the survey are aligned with the Ohio Standards for the Teaching Profession (OSTP), Ohio licensure requirements, and elements of national accreditation. The Ohio Board of Regents distributed the online survey to candidates completing their student teaching experiences in Fall 2012. The results below reflect the program average (mean) score for each question, as well as the state average for each question. A total of 1,917 respondents completed the survey statewide for a response rate of 76 percent. (Data Source: Ohio Board of Regents)

	Question	Program Average	State Average for All Programs (Mean) 1=Strongly Disagree 2=Disagree 3=Agree 4=Strongly Agree
1	My teacher preparation program prepared me with knowledge of research on how students learn.	N<10	3.479
2	My teacher preparation program prepared me to recognize characteristics of gifted students, students with disabilities, and at-risk students in order to plan and deliver appropriate instruction.	N<10	3.331
3	My teacher preparation program prepared me with high levels of knowledge and the academic content I plan to teach.	N<10	3.370
4	My teacher preparation program prepared me to identify instructional strategies appropriate to my content area.	N<10	3.435
5	My teacher preparation program prepared me to understand the importance of linking interdisciplinary experiences.	N<10	3.387
6	My teacher preparation program prepared me to align instructional goals and activities with Ohio's academic content standards, including the Common Core State Standards.	N<10	3.483
7	My teacher preparation program prepared me to use assessment data to inform instruction.	N<10	3.425
8	My teacher preparation program prepared me to clearly communicate learning goals to students.	N<10	3.447
9	My teacher preparation program prepared me to apply knowledge of how students learn, to inform instruction.	N<10	3.512
10	My teacher preparation program prepared me to differentiate instruction to support the learning needs of all students.	N<10	3.413
11	My teacher preparation program prepared me to identify strategies to increase student motivation.	N<10	3.355
12	My teacher preparation program prepared me to create learning situations in which students work independently, collaboratively, and/or a whole class.	N<10	3.504
13	My teacher preparation program prepared me to use strategies for effective classroom management.	N<10	3.330
14	My teacher preparation program prepared me to communicate clearly and effectively.	N<10	3.495
15	My teacher preparation program prepared me to understand the importance of communication with families and caregivers.	N<10	3.435
16	My teacher preparation program prepared me to understand, uphold, and follow professional ethics, policies, and legal codes of professional conduct.	N<10	3.581
