FOREWORD

The 1987 edition of Student Inventory Data represents the twenty-second annual publication and reflects extensive data based on students attending Ohio's public institutions of higher education.

Reports contained herein are for the most part comparable to previous student data publications. Some institutions did not report the student marital data element as it remains optional for reporting purposes. Information is presented separately for the four-year universities (main campuses) and two-year campuses (community colleges, technical colleges and university branches/centers). Please refer to the Appendix for a list of institutions and their abbreviations as used in the headings of each report.

I wish to acknowledge the assistance of Renee Higgins of our staff who compiled and reviewed the data for inclusion in this report as well as Rosemary Jones for her continuing leadership in the development of this important data source.

William B. Coulter
Chancellor
