FOREWORD

The 1996 edition of **Student Inventory Data** represents the thirty-first annual publication and reflects extensive data based on students attending Ohio's public institutions of higher education.

The reports included in this edition are intended to be comparable to previous student data publications. It should be noted however, that changes in reporting structures at some campuses may negatively impact data comparability. Information is presented separately for the four-year universities (main campuses) and two-year campuses (community colleges, technical colleges, and university branches/centers). The Appendix provides an Ohio map indicating the location of Ohio's public institutions of higher education. You may refer to the Appendix for institution names, locations, and report abbreviations.

Finally, I would like to take this opportunity to acknowledge the efforts of our staff in the production of this edition of **Student Inventory Data:** Brad Barron, primary publication coordinator, Amanda Chambers, production support, Marguerite Thomison, technical logistics, and Patty James, final publication review.

Elaine H. Hairston

TABLE OF CONTENTS

Summary	1
Student Count by Major Field of Study and Rank	5
Student Count - Enrollment Load by Major Field of Study	43
Student Count - Enrollment Load by Rank	93
Student Count - Day and Evening Enrollment by Major Field of Study	101
Student Count by Age, Sex, and Rank	117
Student Count by Sex, Marital Status and Living Arrangements	131
Student Count - Racial/Ethnic Category	141
Student Count - State and County of Residence	157
FTE Enrollment by Program and Rank	183
FTE Enrollment by Program and Level	221
Report of Degrees Awarded	271
Report of Undergraduate Admissions	283
Report of Graduate and Professional Admissions	299
Appendix	305

Summary reports show enrollment data for the fall term as of the 14th calendar day after the first day of classes. Enrollments are displayed by student count and in terms of full-time-equivalent (FTE) students. These reports summarize data included in more detail throughout this publication.

*THE SUMMATION OF ROUNDED NUMBERS MAY RESULT IN FULL-TIME-EQUIVALENT TOTALS THAT DO NOT MATCH TOTALS FOUND IN THE FTE SECTIONS OF THIS DOCUMENT.

The "Student Count by Major Field of Study and Rank" report classifies students by rank and field of study enrolled during the fall term as of the 14th day after the first day of classes. "Undergraduates" in the report include freshmen, sophomores, pre-juniors, juniors, pre-seniors, seniors, fifth-year undergraduates, and unclassified undergraduates. "Graduate" students include master's, doctoral, and unclassified graduate students. "Professional" students are those expected to be enrolled in a school or college of medicine, dentistry, veterinary medicine, law, or optometry.

Note: Due to changes in reporting structure at some campuses, data may not be directly comparable to prior editions. Central Ohio Technical College, Clark State Community College, Kent State University, Ohio State University, Shawnee State University, and Youngstown State University have all altered data definitions concerning major field of study during the past year. Additionally, Bowling Green State University, Kent State University, and Wright State University have altered data definitions concerning student rank during the past year.

The "Student Count - Enrollment Load by Major Field of Study" report shows the number of credit hours for which students were enrolled during the fall term as of the 14th calendar day after the first day of classes.

Note: Due to changes in reporting structure at some campuses, data may not be directly comparable to prior editions. Central Ohio Technical College, Clark State Community College, Kent State University, Ohio State University, Shawnee State University, and Youngstown State University have all altered data definitions concerning major field of study during the past year.

The "Student Count - Enrollment Load by Rank" report displays the number of students by rank and the number of credit hours enrolled during the fall term as of the 14th calendar day after the first day of classes.

Note: Due to changes in reporting structure at some campuses, data may not be directly comparable to prior editions. Bowling Green State University, Kent State University, and Wright State University have altered data definitions concerning student rank during the past year.

The "Student Count - Day and Evening Enrollment by Major Field of Study" report relates enrollment status and major field of study. A "day student" is defined as one who is primarily enrolled in day courses, including students who may enroll in selected evening courses. An "evening student" is a student whose enrollment is exclusively in courses beginning after 4:00 p.m.

The "Student Count by Age, Sex, and Rank" report presents the number of students enrolled during fall term by age within rank. The report shows a year-by-year age distribution of students, ages 16 through 27 at the undergraduate level and 17 through 40 at the graduate level. Students are also counted by sex within rank.

Note: Due to changes in reporting structure at some campuses, data may not be directly comparable to prior editions. Bowling Green State University, Kent State University, and Wright State University have altered data definitions concerning student rank during the past year.

The "Student Count by Sex, Marital Status, and Living Arrangements" report displays data showing the number of male and female students, their marital status, and type of living arrangements. Living arrangement classifications include:

Commuter: students who live in a permanent residence while attending school.

Institutional Housing: housing facility owned and operated by the institution.

Institutional-related Housing: private housing facility designed and built for the housing of students operated either under rules of the institution or in a manner similar to the operation of an institutional housing facility.

Note: The reporting of student marital status is optional.

The "Student Count - Racial/Ethnic Category" report presents the number of students enrolled during the fall term by racial/ethnic characteristics, sex, and rank. The racial/ethnic categories used were established by the federal Department of Education, Office of Civil Rights.

Notes: Students have the option not to report race/ethnicity information.

Due to changes in reporting structure at some campuses, data may not be directly comparable to prior editions. Cuyahoga Community College, Hocking Technical College, and Ohio State University have altered data definitions concerning race/ethnicity information during the past year.

Student Count - Racial/Ethnic Category

The "Student Count - State and County of Residence" report displays the number of students by state of original enrollment. Students who were Ohio residents when first enrolled are identified by county of origin as well. Students are also summarized by rank.

Note: Due to changes in reporting structure at some campuses, data may not be directly comparable to prior editions. Cleveland State University and Kent State University have altered data definitions concerning student place of origin during the past year.

The "FTE Enrollment by Program and Rank" report presents a count of student credit hours expressed in terms of full-time-equivalent students. FTE enrollment is calculated by totaling the number of credit hours reported on the Academic Period Enrollment report for courses listed in the Inventory of Instructional Courses. The figures shown represent the consolidation of all enrollments in each field of study, divided by 15. A full-time equivalent student is defined as 15 credit hours enrolled. The results are displayed by rank for the number of full-time-equivalent students enrolled. This report is based on FALL TERM enrollment only.

Notes: FTE enrollment in Graduate-Professional Medicine programs are calculated separately using modified student count information.

Due to changes in reporting structure at some campuses, data may not be directly comparable to prior editions. Bowling Green State University, Kent State University, and Wright State University have altered data definitions concerning student rank during the past year.

The "FTE Enrollment by Program and Level" report presents a count of students based upon the number of credit hours and course level in which they are enrolled. FTE enrollment is calculated by totaling the number of credit hours reported on the Academic Period Enrollment report for courses listed in the Inventory of Instructional Courses. The figures shown represent the consolidation of all enrollments in each field of study, divided by 15. The results are displayed by course level for the number of full-time-equivalent students enrolled. This report is based on FALL TERM enrollment only.

Notes: FTE enrollment in Graduate-Professional Medicine programs are calculated separately using modified student count information.

FTE Enrollment by Program and Level

Data for the "Report of Undergraduate Admissions" are furnished by the institutions on an academic term basis. The report covers all admissions except for those to graduate or professional schools.

The category "Number of applications received" reports the number of admissions applications processed. "Applicants approved for admission" indicates the number of students actually offered admission to the institution. "Applicants approved who did not enter" is the number of students offered admission who did not register for classes.

"First-time degree students entering from high school" are students entering a college-level instruction program for the first time within one year after graduation from high school. "Other first-time degree students" are students other than those described above entering a college-level instructional program for the first time. "Continuing students" are students with uninterrupted enrollment; they were enrolled in the institution during the preceding academic period, summer terms excluded. "Returning students" are former students who are enrolling after an absence of one or more academic periods, summer terms excluded. "Transfers in" are students admitted by transfer from another institution, and the category "Others" includes all students not otherwise classified.

Note: Institutions operating on a semester calendar do not report data for winter term.

* HOCKING TECHNICAL COLLEGE IS AN OPEN ADMISSIONS INSTITUTION.
HOWEVER, ADMISSION TO SPECIFIC DEGREE PROGRAMS MAY BE SELECTIVE.

Data for the "Report of Graduate and Professional Admissions" are reported on an annual basis. The data are a count of all applications for admission and a count of all students actually admitted to graduate programs and graduate-professional programs of medicine, veterinary medicine, law, dentistry, optometry, and professional psychology.

The category, "Number of newly enrolled students holding the baccalaureate as the highest degree" represents only students enrolled for the first time to the graduate school or college of the reporting university. Students granted conditional admission to graduate programs in advance of earning a baccalaureate degree are not included.

Note: Professional psychology admissions data previously were included with medicine programs.
