Frequently Asked Questions

1. How will the ongoing backlog of course material awaiting approval by faculty panels be addressed?

We recognize that a substantial amount of review work remains for the faculty panels. Our objective to clear the backlog is December 31, 2006. To reach this goal it will require the full cooperation of all the institutions to have their TAG course information submitted in a timely fashion and for the faculty review panels to complete their reviews as quickly as possible. In addition, plans are underway to develop a new TAG course approval and tracking system by the Regents staff. This system will utilize the same software platform and technology used by the Articulation and Transfer Clearinghouse. Specific timelines for the roll-out of this system will be forthcoming.

2. Since I have a lot of information on previous versions of the submission forms, do I need to submit revisions to this data on the new form?

No, not in the short term. However, we do require Tables 1 and 2 to be submitted in all cases starting January 1, 2007. Simply attach this form with those tables completed with your original submission. Furthermore, starting January 1, 2007, all submitted files must adhere to the naming conventions described above. We would request that old submissions be brought into compliance with the new forms as quickly as possible. Old data may be submitted with this form as the cover sheet until March 31, 2007. After that time, all submissions must use this new form. All first time submissions must use the new forms starting January 1, 2007.

3. How will "Effective Dates" be determined?

The table below outlines how Effective Dates are being implemented for Approved TAG Course Matches.

"Leap of Faith" Era				Autumn 2006
Autumn 2005	Winter 2006	Spring 2006	Summer 2006	
All TAG Course Matches approved up to August 31, 2006 will be effective starting Autumn 2005				All TAG Course Matches approved September 1, 2006 and after will be effective the academic term following the term they were approved

4. What timeline should I follow when requesting approval of a course for inclusion in a TAG?

Considering the submissions of **new** courses for TAG inclusion, our goal is to work toward a timeline as follows:

Submit Course Material:	Start of Term 1
Faculty Panels Review Submitted Courses:	During Term 1
Approved course is effective:	Start of Term 2
Approved course is matched for transcript processing:	Term 3

5. Course Approval Sample Timelines

If a new course has been matched to the learning outcomes, the new course will have to be approved according to the timeframes below:
