

**Joint Use Agreement Worksheet Between  
Owens Community College and  
The City of Perrysburg, Ohio  
The Ohio Board of Regents  
June 16, 2009**

Direction: The purpose of this worksheet is to enable a campus to demonstrate how the value of the uses that will be derived from a Joint Use Agreement is reasonably related to the value of the state capital appropriation made to the partner entity. Section I is to be filled out by the staff of the Board of Regents. Sections II and III are to be filled out by the partner campus.

Example: A campus wishes to enter into a Joint Use Agreement with a 501(C)(3) entity for a state appropriation of \$ 250,000. The annual debt service paid by the state on this appropriation is about \$ 19,219 per year, for 20 years. To demonstrate that the value of the uses of the facility is reasonably related to the state appropriation, the sum of the campus' educational uses of the facility should roughly equal \$ 19,219 per year for 20 years.

*Section I: State appropriation information.*

*On a separate page, explain how each use listed in Section II was valued for this analysis.*

Owens Community College has developed an active and recognized Law Enforcement Program in conjunction with the local Police Academy. With the current development of the Center for Emergency Preparedness the College has advanced its position as a regional resource to local Police and First Time Responders. To support the training requirements of such programs, the proposed Joint Use Agreement and collaborative use of the Perrysburg Police Firing Range would offer significant value and support to the College's programs. For the purpose of establishing "in-kind" value for the aforementioned appropriation, use of the proposed facility and accommodations was considered. The facility would provide specialized accommodation for the fire arm training of the academy cadets and students of the College's Law Enforcement Program. With a reasonable value of approximately \$140.00 per hour for range use and personnel supervision, the annual "in-kind" value for the College's support is sufficiently satisfied.
