**Licensure Test Scores for Individuals Completing the
Middle Childhood Program at
Shawnee State University**

(Data Source: Educational Testing Service (ETS)/United States Department of Education)

Description of Data: In addition to requiring all teacher candidates to pass the Praxis ® licensure exam at the state determined cut score, for some licensure programs, Ohio requires that teacher candidates pass additional examinations at the established cut scores to be recommended for licensure and receive endorsements. The 2012 Report for Teacher Licensure Test Scores for the 2010-2011 year is based on Title II data and therefore reflects only initial licenses.

Maximum number of field/clinical hours required of program candidates	791
Average number of weeks required in the student teaching experience	
Average number of weeks required to teach full-time within the student teaching experience	
Percentage of teacher candidates who satisfactorily completed student teaching in 2012.	100

**Middle Childhood Excellence and Innovation Initiatives
at Shawnee State University**

Description of Data: This section provides each program the opportunity to share information on a maximum of three initiatives geared to increase excellence and support innovation in the preparation of Ohio educators. (Data Source: Shawnee State University)

Initiative #1: COSI

Purpose: To interact with students in a learning atmosphere

Goal: To expand student's experiences and to help them diminish the fear of exploring new things.

Number of Participants: N<10

Strategy: Six students were accompanied by Dr. Shipley to COSI in Columbus. Many of our students have never been to COSI or to Columbus. Experiencing the diversity that COSI and Columbus hold is Value Added. The exposure to new and different will accompany them into their lives as future teachers.

Demonstration of Impact: Students' lives are forever changed.

External Recognition:

Initiative #2: Bullying

Purpose: Presentation on Bullying

Goal: To create an awareness

Number of Participants: 13

Strategy: Our professors look for opportunities in which to engage our students outside of Portsmouth. In 2011-2012 twelve Middle Childhood students under Dr. Shipley's supervision presented at the National Middle Childhood Conference in Sandusky Ohio. Providing opportunities for at conferences has become an annual event which is well received. Students who have never presented to a large audience or in our case been to a big city return energized to make a difference in the educational field.

Demonstration of Impact: The content was well received and many questions followed the presentation. The students grew as future teachers from the experience.

External Recognition: Opportunities for further presentations

Initiative #3:

Pre-Service Teacher Survey Results

Description of Data: To gather information on student satisfaction with the quality of preparation provided by their teacher education programs, the Ohio Board of Regents and a committee of representatives from Ohio institutions of higher education collaborated to develop a survey of Ohio's Pre-Service Teachers as a special research project. Questions on the survey are aligned with the Ohio Standards for the Teaching Profession (OSTP), Ohio licensure requirements, and elements of national accreditation. The Ohio Board of Regents distributed the online survey to candidates completing their student teaching experiences in Fall 2012. The results below reflect the program average (mean) score for each question, as well as the state average for each question. A total of 1,917 respondents completed the survey statewide for a response rate of 76 percent. (Data Source: Ohio Board of Regents)
