

2013 Educator Preparation Performance Report Heidelberg University

Institution Profile

(Data Source: Heidelberg University)

Heidelberg is a private, liberal arts university located in Tiffin, county seat of Seneca County, in northwestern Ohio. Heidelberg was founded in 1850 by members of the German Reformed Church who named the University after the Heidelberg Catechism of 1563. The School of Education is accredited by the National Council for Accreditation of Teacher Education (NCATE). This accreditation covers initial teacher preparation programs and advanced educator preparation programs.

School of Education

Heidelberg University's School of Education offers nineteen licensure programs in early childhood, middle school, and secondary levels of education. Faculty consists of seven professors and several adjunct instructors. All education majors complete numerous field experiences throughout the teacher preparation program. During these experiences students plan and teach lessons under the guidance of a mentor/cooperating teacher in real classroom conditions to develop their knowledge, skills, and dispositions in preparation for student teaching.

Licensure Test Scores for Individuals Completing Educator Preparation Programs at Heidelberg University

Reporting period for 9/1/2011 through 8/31/2012

(Data Source: Heidelberg University)

Description of Data:

For the period reflected on this report, Ohio required that teacher candidates pass Praxis II® examinations by scoring at or above the state's established required score to be recommended for licensure and receive endorsements in specific fields. The reporting for Teacher Licensure Test Scores is based on Federal Title II data and therefore reflects only initial licensure for 2011-2012. Data are not provided for additional licenses that an educator earns after her/his initial license. Individual candidates often take more than one licensure examination; the number of licensure program completers reported reflects the unduplicated number of individuals taking examinations. For institutions with fewer than 10 linked teachers or principals, only the N is reported.

Value-Added Data for Individuals Completing Educator Preparation Programs at Heidelberg University
Reporting period for 9/1/2012 through 8/31/2013

Description of Data:

Ohio's value-added data system provides educators a more complete picture of student growth. As a vital component of Ohio's accountability system, districts and educators have access to an extensive array of diagnostic data through the Education Value-Added Assessment System (EVAAS). From a state perspective, value-added data provide insights into student performance. For example, schools that do not appear to be achieving at high levels as traditionally measured can demonstrate through value-added data that many of their students are achieving significant progress. It is important to recognize these gains, as schools work to support students who have chronically struggled to perform. Student growth measures also provide students and parents with evidence of the impact of their efforts.

Limitations of the Value-Added Data:

1. The information in the report is for those individuals receiving their licenses with effective years of, 2009, 2010, 2011, and 2012.
2. The value-added data in this report are those reported by Ohio's Education Value-Added Assessment System (EVAAS) based on reading and mathematics achievement tests in grades 4-8.
3. The number of teachers and principals (N) with associated value-added data remains small at this point. For institutions with fewer than 10 linked teachers or principals with value-added data, only the N is reported.

Heidelberg University Candidate Academic Measures

Reporting period for 9/1/2012 through 8/31/2013

(Data Source: Heidelberg University)

Description of Data:

Educator preparation programs (EPPs) reported academic measures for students completing their teacher and principal preparation programs. Academic measures reported include assessment results for the ACT®, SAT®, Praxis I®, GRE®, and MAT®, as well as high school, undergraduate, graduate, transfer grade point average, and program admission (GPA). The Ohio Board of Regents calculated statewide weighted mean values based on the EPP-reported data. For institutions with fewer than 10 linked teachers or principals, only the N is reported. Academic measures which do not apply to a specific unit or program are represented by NA.

Field and Clinical Experiences for Heidelberg University Candidates

Reporting period for 9/1/2012 through 8/31/2013

(Data Source: Heidelberg University)

Description of Data:

Ohio requires that teacher candidates complete field and clinical experiences in school settings as part of their preparation. These experiences include early and ongoing field-based opportunities and the culminating pre-service clinical experience commonly referred to as "student teaching." The specific requirements beyond the requisite statewide minimums for these placements vary by institution and by program. The information below is calculated based on data reported at the unit level.

Teacher Preparation Programs

Field/Clinical Experience Element	Heidelberg University Requirements
Minimum number of field/clinical hours required of candidates in teacher preparation programs at the institution	532
Maximum number of field/clinical hours required of candidates in teacher preparation programs at the institution	698
Average number of weeks required to teach full-time within the student teaching experience at the institution	15
Percentage of teacher candidates who satisfactorily completed student teaching	100%

Teacher Pre-Service Survey Results

Description of Data:

To gather information on student satisfaction with the quality of preparation provided by their educator preparation programs, the Ohio Board of Regents and a committee of representatives from Ohio institutions of higher education collaborated to develop a survey of Ohio's Pre-Service Teachers as a special research project. Questions on the survey are aligned with the Ohio Standards for the Teaching Profession (OSTP), Ohio licensure requirements, and elements of national accreditation. The Ohio Board of Regents distributed the online survey to candidates completing their student teaching experiences and collected the data for the Reporting period for 9/1/2012 through 8/31/2013. A total of 3570 respondents completed the survey statewide for a response rate of 81 percent.

National Accreditation

(Data Source: Ohio Board of Regents)

Description of Data:

Educator preparation programs (EPPs) reported academic measures for students completing their teacher and principal preparation programs. Academic measures reported include assessment results for the ACT®, SAT®, Praxis I®, GRE®, and MAT®, as well as high school, undergraduate, graduate, transfer grade point average, and program admission (GPA). The Ohio Board of Regents calculated statewide weighted mean values based on the EPP-reported data. For institutions with fewer than 10 linked teachers or principals, only the N is reported. Academic measures which do not apply to a specific unit or program are represented by NA.

Teacher Residency Program

Reporting period for 9/1/2012 through 8/31/2013

(Data Source: Ohio Department of Education)

Description of Data:

The Resident Educator Program in Ohio is a broad system of support that encompasses a robust four-year teacher development system designed to improve teacher retention and increase student learning. Data are reported for those entering the Resident Educator Program in SY2011-2012 and SY2012-2013. Non-completion does not imply dismissal, but rather may be due to multiple factors.

Excellence and Innovation Initiatives at Heidelberg University

Reporting period for 9/1/2012 through 8/31/2013

(Data Source: Heidelberg University)

Description of Data:

This section provides each program the opportunity to share information on a maximum of three initiatives geared to increase excellence and support innovation in the preparation of Ohio educators.

Teacher Licensure Programs

Initiative:	Educational Summit
Purpose:	To develop a conversation among all levels of educators - pre-service to in-service and administrators on teaching and learning.
Goal:	The purpose of the summit is to bring highly accomplished educators to campus.
Number of Participants:	160
Strategy:	Whether or not teachers should "teach to the test" was the topic of the inaugural Education Summit. Former Ohio University professor George H. Wood, who is now the superintendent of the Federal Hocking Local School District in southwestern Ohio, delivered the keynote address to local teachers and the Heidelberg community. On the second day of the summit, Wood spoke on the topic "Make it Real: Where Authentic Assessment and Standards Meet". The second summit will feature innovative educator and author Rafe Esquith, the author of "Teach Like Your Hair is on Fire". Esquith's latest book, "Real Talk for Real Teachers", will serve as the theme for the 2014 summit. He will meet with Theatre and Honors students to discuss "The Hobart Shakespearians. The Power of Shakespeare in the 21st century".
