

2013 Educator Preparation Performance Report Ohio Wesleyan University

Institution Profile

(Data Source: Ohio Wesleyan University)

Ohio Wesleyan University is a national liberal arts and sciences university with a major international presence. It is located in Delaware, Ohio, a small community just 20 miles from Columbus, the nation's 16th-largest city. OWU offers 93 majors, sequences, and courses of study, as well as 23 varsity sports. OWU is one of only 40 institutions featured in the highly regarded book *Colleges That Change Lives*. The academic community includes 142 full-time faculty and some 1,850 students from 42 states and 37 countries.

Education Department

Ohio Wesleyan University has been preparing teachers for the nation's schools for over one hundred years. Our chapter of the Kappa Delta Pi education honorary was established in 1923, making OWU one of the oldest member universities. In the context of Ohio Wesleyan's liberal arts tradition, the Education Department of today has blended our rich heritage in teacher education with the knowledge and innovations of the present to create a rigorous, practice-oriented program. We believe that teachers are not born, but rather can be developed through a high-quality teacher education program.

Licensure Test Scores for Individuals Completing Educator Preparation Programs at Ohio Wesleyan University

Reporting period for 9/1/2011 through 8/31/2012

(Data Source: Ohio Wesleyan University)

Description of Data:

For the period reflected on this report, Ohio required that teacher candidates pass Praxis II® examinations by scoring at or above the state's established required score to be recommended for licensure and receive endorsements in specific fields. The reporting for Teacher Licensure Test Scores is based on Federal Title II data and therefore reflects only initial licensure for 2011-2012. Data are not provided for additional licenses that an educator earns after her/his initial license. Individual candidates often take more than one licensure examination; the number of licensure program completers reported reflects the unduplicated number of individuals taking examinations. For institutions with fewer than 10 linked teachers or principals, only the N is reported.

Value-Added Data for Individuals Completing Educator Preparation Programs at
Ohio Wesleyan University
Reporting period for 9/1/2012 through 8/31/2013

Description of Data:

Ohio's value-added data system provides educators a more complete picture of student growth. As a vital component of Ohio's accountability system, districts and educators have access to an extensive array of diagnostic data through the Education Value-Added Assessment System (EVAAS). From a state perspective, value-added data provide insights into student performance. For example, schools that do not appear to be achieving at high levels as traditionally measured can demonstrate through value-added data that many of their students are achieving significant progress. It is important to recognize these gains, as schools work to support students who have chronically struggled to perform. Student growth measures also provide students and parents with evidence of the impact of their efforts.

Limitations of the Value-Added Data:

1. The information in the report is for those individuals receiving their licenses with effective years of, 2009, 2010, 2011, and 2012.
2. The value-added data in this report are those reported by Ohio's Education Value-Added Assessment System (EVAAS) based on reading and mathematics achievement tests in grades 4-8.
3. The number of teachers and principals (N) with associated value-added data remains small at this point. For institutions with fewer than 10 linked teachers or principals with value-added data, only the N is reported.

Ohio Wesleyan University Candidate Academic Measures

Reporting period for 9/1/2012 through 8/31/2013

(Data Source: Ohio Wesleyan University)

Description of Data:

Educator preparation programs (EPPs) reported academic measures for students completing their teacher and principal preparation programs. Academic measures reported include assessment results for the ACT®, SAT®, Praxis I®, GRE®, and MAT®, as well as high school, undergraduate, graduate, transfer grade point average, and program admission (GPA). The Ohio Board of Regents calculated statewide weighted mean values based on the EPP-reported data. For institutions with fewer than 10 linked teachers or principals, only the N is reported. Academic measures which do not apply to a specific unit or program are represented by NA.

Field and Clinical Experiences for Ohio Wesleyan University Candidates

Reporting period for 9/1/2012 through 8/31/2013

(Data Source: Ohio Wesleyan University)

Description of Data:

Ohio requires that teacher candidates complete field and clinical experiences in school settings as part of their preparation. These experiences include early and ongoing field-based opportunities and the culminating pre-service clinical experience commonly referred to as "student teaching." The specific requirements beyond the requisite statewide minimums for these placements vary by institution and by program. The information below is calculated based on data reported at the unit level.

Teacher Preparation Programs

Field/Clinical Experience Element	Ohio Wesleyan University Requirements
Minimum number of field/clinical hours required of candidates in teacher preparation programs at the institution	100
Maximum number of field/clinical hours required of candidates in teacher preparation programs at the institution	160
Average number of weeks required to teach full-time within the student teaching experience at the institution	15
Percentage of teacher candidates who satisfactorily completed student teaching	96.97%

Teacher Pre-Service Survey Results

Description of Data:

To gather information on student satisfaction with the quality of preparation provided by their educator preparation programs, the Ohio Board of Regents and a committee of representatives from Ohio institutions of higher education collaborated to develop a survey of Ohio's Pre-Service Teachers as a special research project. Questions on the survey are aligned with the Ohio Standards for the Teaching Profession (OSTP), Ohio licensure requirements, and elements of national accreditation. The Ohio Board of Regents distributed the online survey to candidates completing their student teaching experiences and collected the data for the Reporting period for 9/1/2012 through 8/31/2013. A total of 3570 respondents completed the survey statewide for a response rate of 81 percent.

Educator Preparation Performance Report
Ohio Wesleyan University

National Accreditation

(Data Source: Ohio Board of Regents)

Description of Data:

Educator preparation programs (EPPs) reported academic measures for students completing their teacher and principal preparation programs. Academic measures reported include assessment results for the ACT®, SAT®, Praxis I®, GRE®, and MAT®, as well as high school, undergraduate, graduate, transfer grade point average, and program admission (GPA). The Ohio Board of Regents calculated statewide weighted mean values based on the EPP-reported data. For institutions with fewer than 10 linked teachers or principals, only the N is reported. Academic measures which do not apply to a specific unit or program are represented by NA.

Teacher Residency Program

Reporting period for 9/1/2012 through 8/31/2013

(Data Source: Ohio Department of Education)

Description of Data:

The Resident Educator Program in Ohio is a broad system of support that encompasses a robust four-year teacher development system designed to improve teacher retention and increase student learning. Data are reported for those entering the Resident Educator Program in SY2011-2012 and SY2012-2013. Non-completion does not imply dismissal, but rather may be due to multiple factors.

Excellence and Innovation Initiatives at Ohio Wesleyan University

Reporting period for 9/1/2012 through 8/31/2013

(Data Source: Ohio Wesleyan University)

Description of Data:

This section provides each program the opportunity to share information on a maximum of three initiatives geared to increase excellence and support innovation in the preparation of Ohio educators.

Teacher Licensure Programs

Initiative:	Diversity of Field Experiences
Purpose:	Provide candidates with opportunities to work with diverse learners
Goal:	Provide candidates with opportunities to work with diverse learners during their early and middle field experiences when working in schools.
Number of Participants:	
Strategy:	All students enrolled in the second foundational course, EDUC 251: Psychological Foundations of Education, complete their field experience by tutoring diverse learners in one of two high-poverty urban Columbus schools attended primarily by students of color. During their EDUC 352: Corrective Reading course, education majors in Early Childhood and Middle Childhood complete an additional field experience tutoring diverse students who are below-grade-level struggling readers.
Demonstration of Impact:	Question #36 on Pre-service Teacher Survey: My licensure program provided opportunities to work with diverse students (including gifted students, students with disabilities, and at-risk students). OWU mean 3.73 - Ohio mean 3.43

Initiative:	Education Teaching Fellows Program
Purpose:	Ohio Wesleyan's unique Teaching Fellows Program is open to exceptional first-year students with a stated interest in teaching at the pre-kindergarten to high school level.
Goal:	Increase the number of candidates applying to the Teacher Education Program; to increase the diversity of the applicant pool and/or to increase admissions in critical shortage areas.
Number of Participants:	26
Strategy:	Interested candidates request an interview during one of their on-campus visits. Then, based on the candidate's academic record and personal interview, the Education Department selects those who will be named Education Teaching Fellows. Criteria for Admission: •Admittance to OWU. •A high school record and SAT or ACT scores that indicate potential for high achievement at Ohio Wesleyan. •A stated interest in studying education. •Demonstrated leadership in high school. •Demonstrated passion for making the world better by educating its citizens.
Demonstration of Impact:	Twenty eight students have been offered the Education Teaching Fellows Scholarship over the last three years; twenty seven of these students are still enrolled at Ohio Wesleyan. Additionally, of the five students who have completed the admission
