

2014 Ohio Educator Preparation Performance Report

Cleveland State University

Report Overview

To continuously improve the quality of educator preparation programs in Ohio, H.B. 1 of the 128th General Assembly directed the Chancellor of the Board of Regents to develop a system for evaluating Ohio's educator preparation programs and holding institutions of higher education accountable for their graduates' success. H.B. 290 of the 128th General Assembly provided for the sharing of data between the Ohio Board of Regents and the Ohio Department of Education to link the performance of educators to the institutions that prepared them.

The identification of metrics and the report format were developed in collaboration with representatives from the 13 public and 38 private educator preparation providers in Ohio, as well as state agencies, and organizations. The Board of Regents works with the Ohio Department of Education and educator preparation programs to collect data on the following identified preparation metrics for the annual reports:

- Ohio Teacher Evaluation System (OTES) Results for Program Completers
- Ohio Principal Evaluation System (OPES) Results for Program Completers
- edTPA™ Results for Program Completers
- Licensure Test Results for Program Completers
- Value-added Data (EVAAS) for K-12 Students Taught by Program Completers
- Candidate Academic Measures
- Field/Clinical Experiences
- Pre-Service Teacher Candidate Survey Results
- Resident Educator Survey Results
- Resident Educator Persistence Data
- Excellence and Innovation Initiatives
- National Accreditation

Ohio Teacher Evaluation System (OTES) Results for Individuals Completing Teacher Preparation Programs at Cleveland State University

Reporting Period: September 1, 2013 through August 31, 2014

Description of Data:

Ohio's system for evaluating teachers (Ohio's Teacher Evaluation System) provides educators with a rich and detailed view of their performance, with a focus on specific strengths and opportunities for improvement. The system is research-based and designed to be transparent, fair, and adaptable to the specific contexts of Ohio's districts. Furthermore, it builds on what educators know about the importance of ongoing assessment and feedback as a powerful vehicle to support improved practice. Teacher performance and student academic growth are the two key components of Ohio's evaluation system.

Limitations of the Ohio Teacher Evaluation System (OTES) Data:

1. The information in the report is for those individuals receiving their licenses with effective years of 2010, 2011, 2012, and 2013.
2. The teacher evaluation data in this report are provided by the Ohio Department of Education based on the original framework of 50 percent teacher evaluation and 50 percent student growth measure.
3. The number of teachers (N) with associated OTES data remains small at this point, and due to Ohio Revised Code, must be masked for institutions with fewer than 10 linked teachers.

Effective Licensure Year	Associated Teacher Evaluation Classifications			
	# Ineffective	# Developing	# Skilled	# Accomplished
2010	<10	11	47	44
2011	<10	<10	44	32
2012	<10	27	51	31
2013	<10	10	38	17

**2014 Ohio Educator Preparation Performance Report
Cleveland State University**

**Ohio Principal Evaluation System (OPES) Results for Individuals Completing
Principal Preparation Programs at Cleveland State University**

Reporting Period: September 1, 2013 through August 31, 2014

Description of Data:

Ohio's system for evaluating principals (Ohio's Principal Evaluation System) provides building leaders with a richer and more detailed view of their performance, with a focus on specific strengths and opportunities for improvement.

Evaluations have two components, each weighted at 50 percent:

1. Principal performance rating, determined from:
 - a. A professional growth plan
 - b. Two 30 minute observations
 - c. Walkthroughs of building classrooms
2. Student academic growth rating for the building

The Ohio Principal Evaluation System (OPES) data reported here are limited in that the information in the report is for those individuals receiving their licenses with effective years of 2010, 2011, 2012, and 2013.

Effective Licensure Year	Number of Principals with OPES Data	Associated Principal Evaluation Classifications			
		Ineffective	Developing	Skilled	Accomplished
2010	3	N = 0 % = 0	N = 3 % = 100	N = 0 % = 0	N = 0 % = 0
2011	13	N = 0 % = 0	N = 1 % = 8	N = 8 % = 61	N = 4 % = 31
2012	6	N = 0 % = 0	N = 2 % = 33	N = 3 % = 50	N = 1 % = 17
2013	4	N = 0 % = 0	N = 0 % = 0	N = 4 % = 100	N = 0 % = 0

**edTPA™ Assessment Results for Individuals Completing
Teacher Preparation Programs at Cleveland State University**

Reporting Period: September 1, 2013 through August 31, 2014

Description of Data:

Ohio educator preparation programs have participated in the development of the [edTPA™](#), a performance assessment for educator candidates. At this time, the edTPA™ is not an Ohio licensure requirement or a program completion requirement. In this report, only results from the edTPA™ national scoring process are reported. Results from candidates whose assessments were scored locally are not reported.

Score Range	Institution Average Score	Ohio State Average Score	National Mean Score
15 - 75	N/A	41.9	43.7

2014 Educator Preparation Performance Report Cleveland State University

Institution Profile

(Data Source: Cleveland State University)

Located in downtown Cleveland, Ohio, CSU enrolls nearly 17,500 students, most of whom are Ohio residents. Law and graduate students account for 33% of total enrollment, while undergraduates comprise the remaining 67%. The student-faculty ratio of 19:1 promotes much faculty-student interaction. CSU's selection as one of America's Best Colleges by U.S. News & World Report underscores the University's commitment to academic excellence. Its current Carnegie Classification is that of a Doctoral-granting, Research University with high research activity.

College of Education and Human Services

The College of Education & Human Services enrolls approximately 2,500 students every term (1,000 undergraduates and 1,500 graduate students). At the undergraduate level, we attract a sizeable transfer student population that includes many nontraditional students who attend school on a part-time basis. At the graduate level, established professionals study alongside those who are pursuing newly chosen professions. Through internships, fieldwork, student teaching, and clinical practica, nearly all of our academic programs place empiric, on-site training at the center of student learning

Licensure Test Scores for Individuals Completing Educator Preparation Programs at Cleveland State University

Reporting period for 9/1/2012 through 8/31/2013

(Data Source: Ohio Department of Education)

Description of Data:

For the period reflected on this report, Ohio required that teacher candidates pass Praxis II® examinations by scoring at or above the state's established required score to be recommended for licensure and receive endorsements in specific fields. The reporting for Teacher Licensure Test Scores is based on Federal Title II data and therefore reflects only initial licensure for 2012-2013. The data also reflect the best attempt of each test taker. Data are not provided for additional licenses that an educator earns after her/his initial license. Most licenses in Ohio require that candidates pass more than one licensure examination, therefore the number of "Completers Tested" in the first table is smaller than the sum total of all takers of all assessments in the subsequent table. For institutions with fewer than 10 linked teachers or principals, only the N is reported.

Summary Rating: Effective		
	Completers Tested	Pass Rate Percentage
All Teacher Licensure Tests	238	89%

Educator Preparation Performance Report
Cleveland State University

Licensure Test Scores for Individuals Completing Principal Preparation Programs
at
Cleveland State University

Reporting Period from Sept 1, 2013 to Aug 31, 2014
(Data Source: Cleveland State University)

Description of Data:

For the period reflected on this report, Ohio required that principal candidates pass the Ohio Assessment for Educators (015 Educational Leadership) by scoring at or above the state's established required score to be recommended for licensure. The scores are self-reported by each institution for 2013-2014.

	Completers Tested	Pass Rate Percentage
Principal Licensure Data	54	87%

2014
Educator Preparation Performance Report
Cleveland State University

Value-Added Data for Individuals Completing Educator Preparation Programs at
Cleveland State University
Reporting Period from Sept 1, 2013 to Aug 31, 2014

Description of Data:

Ohio's value-added data system provides educators a more complete picture of student growth. As a vital component of Ohio's accountability system, districts and educators have access to an extensive array of diagnostic data through the Education Value-Added Assessment System (EVAAS). From a state perspective, value-added data provide insights into student performance. For example, schools that do not appear to be achieving at high levels as traditionally measured can demonstrate through value-added data that many of their students are achieving significant progress. It is important to recognize these gains, as schools work to support students who have chronically struggled to perform. Student growth measures also provide students and parents with evidence of the impact of their efforts.

Limitations of the Value-Added Data:

1. The information in the report is for those individuals receiving their licenses with effective years of, 2010, 2011, 2012, and 2013.
2. The value-added data in this report are those reported by Ohio's Education Value-Added Assessment System (EVAAS) based on reading and mathematics achievement tests in grades 4-8.

Field and Clinical Experiences for Cleveland State University Candidates

Reporting Period from Sept 1, 2013 to Aug 31, 2014

(Data Source: Cleveland State University)

Description of Data:

Ohio requires that teacher candidates complete field and clinical experiences in school settings as part of their preparation. These experiences include: 1) early and ongoing field-based opportunities for candidates to engage with K-12 students in Ohio classrooms prior to their formal student teaching; and 2) the culminating clinical experience commonly referred to as student teaching. Early field/clinical experiences are reported in hours. Student teaching is reported in weeks. Beyond the requisite statewide minimums, institutional requirements for candidates can vary by institution and by program. The information below is reported at the unit level.

Teacher Preparation Programs

Field/Clinical Experience Element	Cleveland State University Requirements
Minimum number of field/clinical hours required of candidates in teacher preparation programs at the institution	525
Maximum number of field/clinical hours required of candidates in teacher preparation programs at the institution	968
Average number of weeks required to teach full-time within the student teaching experience at the institution	15
Percentage of teacher candidates who satisfactorily completed student teaching	92.34%

Principal Preparation Programs

Field/Clinical Experience Element	Requirements
Total number of field/clinical weeks required of principal candidates in internship	30
Number of candidates admitted to internship	117
Number of candidates completing internship	114
Percentage of principal candidates who satisfactorily completed internship	97.44%

Educator Preparation Performance Report
Cleveland State University

Pre-Service Teacher Survey Results

Description of Data:

To gather information on student satisfaction with the quality of preparation provided by their educator preparation programs, the Ohio Board of Regents and a committee of representatives from Ohio institutions of higher education collaborated to develop a survey of Ohio's Pre-Service Teachers as a special research project. Questions on the survey are aligned with the Ohio Standards for the Teaching Profession (OSTP), Ohio licensure requirements, and elements of national accreditation. The Ohio Board of Regents distributed the online survey to candidates completing their student teaching experiences and collected the data for the Reporting Period from Sept 1, 2013 to Aug 31, 2014. A total of 4206 respondents completed the survey statewide for a response rate of 70 percent.

Cleveland State University Survey Response Rate = 35.96%

Total Survey Responses = 82

No.	Question	Institution Average 1=Strongly Disagree 2=Disagree 3=Agree 4=Strongly Agree	State Average (Mean) 1=Strongly Disagree 2=Disagree 3=Agree 4=Strongly Agree
1	My teacher licensure program prepared me with knowledge of research on how students learn.	3.44	3.49
2	My teacher licensure program prepared me to recognize characteristics of gifted students, students with disabilities, and at-risk students in order to plan and deliver appropriate instruction.	3.32	3.34
3	My teacher licensure program prepared me with high levels of knowledge and the academic content I plan to teach.	3.26	3.33

Statewide Survey of OHIO Resident Educators' Reflections on their Educator Preparation Program

Description of Data:

To gather information on student satisfaction with the quality of preparation provided by their educator preparation programs, the Ohio Board of Regents and a committee of representatives from Ohio institutions of higher education collaborated to develop a survey of Ohio's Resident Educators as a special research project. Questions on the survey are aligned with the Ohio Standards for the Teaching Profession (OSTP), Ohio licensure requirements, and elements of national accreditation. A total of 434 respondents completed the survey statewide for a response rate of 16 Percent. The Ohio Board of Regents distributed the online survey to candidates completing their Resident Educator experiences and collected the data for the Reporting Period from Sept 1, 2013 to Aug 31, 2014.

No.	Question	Institution Average 1=Strongly Disagree 2=Disagree 3=Agree 4=Strongly Agree	State Average (Mean) 1=Strongly Disagree 2=Disagree 3=Agree 4=Strongly Agree
1	My teacher licensure program prepared me with knowledge of research on how students learn.	3.19	3.44

Principal Intern Survey Results

Description of Data:

To gather information on principal intern satisfaction with their preparation programs, the Ohio Board of Regents and a committee of representatives from Ohio institutions of higher education collaborated to develop a survey of Ohio's Principal Interns. Questions on the survey are aligned with the Ohio Standards for Principals, Ohio licensure requirements, and elements of national accreditation. The Ohio Board of Regents distributed the online survey to candidates completing their student teaching experiences and collected the data for the Reporting Period from Sept 1, 2013 to Aug 31, 2014. A total of 207 respondents completed the survey statewide for a response rate of 20 percent.

National Accreditation

(Data Source: Ohio Board of Regents)

Description of Data:

All educator preparation programs (EPPs) in Ohio are required to be accredited by either the National Council for Accreditation of Teacher Education (NCATE), the Teacher Education Accreditation Council (TEAC), or their successor agency, the Council for Accreditation of Educator Preparation (CAEP). Accreditation is a mechanism to ensure the quality of an institution and its programs. The accreditation of an institution and/or program helps employers evaluate the credential of job applicants.

Accrediting Agency	NCATE
Date of Last Review	November 2009
Accreditation Status	Accredited

Teacher Residency Program

Reporting Period from Sept 1, 2013 to Aug 31, 2014

(Data Source: Ohio Department of Education)

Description of Data:

The Resident Educator Program in Ohio is a system of support that encompasses a robust four-year teacher development system designed to improve teacher retention and increase student learning. Data are reported for those entering the Resident Educator Program in 2011-2012, 2012-2013 and 2013-2014. Non-completion does not imply dismissal, as leaving the program may be due to multiple factors.

2014 Educator Preparation Performance Report Cleveland State University

Excellence and Innovation Initiatives

Reporting Period from Sept 1, 2013 to Aug 31, 2014

(Data Source: Cleveland State University)

Description of Data:

This section provides each program the opportunity to share information on a maximum of three initiatives geared to increase excellence and support innovation in the preparation of Ohio educators.

Teacher Licensure Programs

Initiative:	M.Ed. in C&I: PreK-12 Chinese Language
Purpose:	Build capacity for teaching Chinese as a foreign language in grades PreK-12.
Goal:	Recruit and train native and high-level heritage speakers of Chinese who are fluent in English to teach Chinese.
Number of Participants:	6
Strategy:	This program provides an opportunity for fluent speakers of Chinese to acquire the pedagogical knowledge and skills needed to secure PreK-12 employment teaching Chinese language and culture to U.S. students. Candidates must be fluent in Chinese and English. Many have prior teaching experience, often in settings outside the U.S. The program integrates graduate education courses with a supervised student teaching experience in American schools. Where lacking at program entry, applicants must also complete supplemental coursework on Chinese literature, culture and/or linguistics.
Demonstration of Impact:	
External Recognition:	Schools from Minnesota, Illinois, Utah, and Texas have sought to employ graduates of our program; there are few programs of this type in the U.S.
Programs:	
Initiative:	Master of Urban Secondary Teaching (MUST)
Purpose:	Address the effects of race, class, and gender on the achievement of urban secondary students.
Goal:	Prepare teachers who are committed to teaching in urban settings and promote urban school renewal.
Number of Participants:	11
Strategy:	Admission requirements include a baccalaureate degree in secondary or multiage teaching field; above average grades in that field; and potential for leadership, collaboration, and problem-solving. MUST is a cohort-based program that integrates graduate education courses with a 9-month, urban-based internship. The program is 14 months in duration. As exit requirements, interns complete a classroom research project and a professional teaching portfolio, both of which demonstrate their competencies and reflective, responsive urban teachers and their commitment to social justice and urban schooling.
Demonstration of Impact:	MUST has a Professional Development School (PDS) partnership with the Cleveland School of Science and Medicine. A key component of this relationship is the evaluation of student learning.

2014
Educator Preparation Performance Report
Cleveland State University

External Recognition:	Recipient of 4 national awards, including the 2012 Urban Impact Award from the Council of Great City Schools.
Programs:	
Initiative:	CSUTeach
Purpose:	Build capacity for teaching math and lab sciences in grades 7-12.
Goal:	Attract science & math majors into 7-12 teaching careers, prepare them through a field-intensive curriculum, and support their induction & retention.
Number of Participants:	16
Strategy:	CSUTeach is one of 40 programs that replicate UTeach, a nationally recognized model for science and math teacher preparation that originated at the University of Texas-Austin. CSUTeach invites undergraduate majors in math or science to explore teaching in their freshman year. Owing to a streamlined curriculum, those who continue can graduate in four years with a degree in science or math and a teaching license. Candidates learn to use technology effectively and to design problem-based lessons that promote critical thinking. The latest research on learning science and math is emphasized.
Demonstration of Impact:	By 2020, it is estimated that UTeach programs will have produced 9,000 graduates nationwide who will have taught over 1 million math and science middle and high school students.
External Recognition:	UTeach is supported by the National Math & Science Initiative and recognized as a model program by the National Research Council & US Dept. of Ed
Programs:	

2014
Educator Preparation Performance Report
Cleveland State University

Principal Licensure Programs

Initiative:	Inspired Leaders Principal Licensure Program
Purpose:	Provide dynamic school leadership for 21st century schools.
Goal:	Offer a 16-month, cohort-based alternative pathway to principal licensure for working professionals.
Number of Participants:	75
Strategy:	Participants receive focused instruction on topics such as social justice, school reform, leading in 21st century schools, and making global connections. They learn how to use data and technology effectively, apply research to improve schools, manage personnel, make and implement strategic decisions, influence public policy, and create cultures of shared learning. Courses are offered using a blended instructional model that includes weekend and online components. As part of a capstone course, students undertake a school-based project or initiative for implementation in their work environment.
Demonstration of Impact:	The Center for Educational Leadership is expanding the Inspired Leaders Licensure Program due to high levels of interest. Graduates of the program are hired into school systems, retained, and continue to have success.
External Recognition:	Area urban school districts have created leadership academies based on the Inspired Leaders Licensure Program.
Programs:
