

2014 Ohio Educator Preparation Performance Report

College of Mount Saint Joseph

Report Overview

To continuously improve the quality of educator preparation programs in Ohio, H.B. 1 of the 128th General Assembly directed the Chancellor of the Board of Regents to develop a system for evaluating Ohio's educator preparation programs and holding institutions of higher education accountable for their graduates' success. H.B. 290 of the 128th General Assembly provided for the sharing of data between the Ohio Board of Regents and the Ohio Department of Education to link the performance of educators to the institutions that prepared them.

The identification of metrics and the report format were developed in collaboration with representatives from the 13 public and 38 private educator preparation providers in Ohio, as well as state agencies, and organizations. The Board of Regents works with the Ohio Department of Education and educator preparation programs to collect data on the following identified preparation metrics for the annual reports:

- Ohio Teacher Evaluation System (OTES) Results for Program Completers
- Candidate Academic Measures
- Ohio Principal Evaluation System (OPES) Results for Program Completers
- Field/Clinical Experiences
- edTPA™ Results for Program Completers
- Pre-Service Teacher Candidate Survey Results
- Licensure Test Results for Program Completers
- Resident Educator Survey Results
- Value-added Data (EVAAS) for K-12 Students Taught by Program Completers
- Resident Educator Persistence Data
- Excellence and Innovation Initiatives
- National Accreditation

Ohio Teacher Evaluation System (OTES) Results for Individuals Completing Teacher Preparation Programs at College of Mount Saint Joseph

Reporting Period: September 1, 2013 through August 31, 2014

Description of Data:

Ohio's system for evaluating teachers (Ohio's Teacher Evaluation System) provides educators with a rich and detailed view of their performance, with a focus on specific strengths and opportunities for improvement. The system is research-based and designed to be transparent, fair, and adaptable to the specific contexts of Ohio's districts. Furthermore, it builds on what educators know about the importance of ongoing assessment and feedback as a powerful vehicle to support improved practice. Teacher performance and student academic growth are the two key components of Ohio's evaluation system.

Limitations of the Ohio Teacher Evaluation System (OTES) Data:

1. The information in the report is for those individuals receiving their licenses with effective years of 2010, 2011, 2012, and 2013.
2. The teacher evaluation data in this report are provided by the Ohio Department of Education based on the original framework of 50 percent teacher evaluation and 50 percent student growth measure.
3. The number of teachers (N) with associated OTES data remains small at this point, and due to Ohio Revised Code, must be masked for institutions with fewer than 10 linked teachers.

Effective Licensure Year	Associated Teacher Evaluation Classifications			
	# Ineffective	# Developing	# Skilled	# Accomplished
2010	<10	<10	23	10
2011	<10	<10	<10	<10
2012	<10	<10	14	<10
2013	<10	<10	<10	<10

2014 Ohio Educator Preparation Performance Report

College of Mount Saint Joseph

Ohio Principal Evaluation System (OPES) Results for Individuals Completing Principal Preparation Programs at College of Mount Saint Joseph

Reporting Period: September 1, 2013 through August 31, 2014

Description of Data:

Ohio's system for evaluating principals (Ohio's Principal Evaluation System) provides building leaders with a richer and more detailed view of their performance, with a focus on specific strengths and opportunities for improvement.

Evaluations have two components, each weighted at 50 percent:

1. Principal performance rating, determined from:
 - a. A professional growth plan
 - b. Two 30 minute observations
 - c. Walkthroughs of building classrooms
2. Student academic growth rating for the building

The Ohio Principal Evaluation System (OPES) data reported here are limited in that the information in the report is for those individuals receiving their licenses with effective years of 2010, 2011, 2012, and 2013.

Effective Licensure Year	Number of Principals with OPES Data	Associated Principal Evaluation Classifications			
		Ineffective	Developing	Skilled	Accomplished
2010	0	N = N/A % = N/A	N = N/A % = N/A	N = N/A % = N/A	N = N/A % = N/A
2011	0	N = N/A % = N/A	N = N/A % = N/A	N = N/A % = N/A	N = N/A % = N/A
2012	0	N = N/A % = N/A	N = N/A % = N/A	N = N/A % = N/A	N = N/A % = N/A
2013	0	N = N/A % = N/A	N = N/A % = N/A	N = N/A % = N/A	N = N/A % = N/A

edTPA™ Assessment Results for Individuals Completing Teacher Preparation Programs at College of Mount Saint Joseph

Reporting Period: September 1, 2013 through August 31, 2014

Description of Data:

Ohio educator preparation programs have participated in the development of the [edTPA™](#), a performance assessment for educator candidates. At this time, the edTPA™ is not an Ohio licensure requirement or a program completion requirement. In this report, only results from the edTPA™ national scoring process are reported. Results from candidates whose assessments were scored locally are not reported.

Score Range	Institution Average Score	Ohio State Average Score	National Mean Score
15 - 75	N/A	41.9	43.7

2014
Educator Preparation Performance Report
College of Mount Saint Joseph

Institution Profile

(Data Source: College of Mount Saint Joseph)

Mount St. Joseph University delivers high-quality academics, hands-on experiential learning, and personalized attention. A Mount education is based on interdisciplinary liberal arts and professional curricula, emphasizing values, integrity, and social responsibility. The College offers 39 plus degree programs and offers Master of Arts programs in Organizational Leadership, Nursing, Education, Religious Studies, and a 4+1 MBA, as well as doctoral programs in Nursing and Physical Therapy. Mount St. Joseph University is sponsored by the Sisters of Charity in Cincinnati.

School of Education

Licensure Test Scores for Individuals Completing Educator Preparation Programs
at
College of Mount Saint Joseph

Reporting period for 9/1/2012 through 8/31/2013

(Data Source: Ohio Department of Education)

Description of Data:

For the period reflected on this report, Ohio required that teacher candidates pass Praxis II® examinations by scoring at or above the state's established required score to be recommended for licensure and receive endorsements in specific fields. The reporting for Teacher Licensure Test Scores is based on Federal Title II data and therefore reflects only initial licensure for 2012-2013. The data also reflect the best attempt of each test taker. Data are not provided for additional licenses that an educator earns after her/his initial license. Most licenses in Ohio require that candidates pass more than one licensure examination, therefore the number of "Completers Tested" in the first table is smaller than the sum total of all takers of all assessments in the subsequent table. For institutions with fewer than 10 linked teachers or principals, only the N is reported.

Summary Rating: Effective		
	Completers Tested	Pass Rate Percentage
All Teacher Licensure Tests	31	100%

2014
Educator Preparation Performance Report
College of Mount Saint Joseph

Value-Added Data for Individuals Completing Educator Preparation Programs at
College of Mount Saint Joseph
Reporting Period from Sept 1, 2013 to Aug 31, 2014

Description of Data:

Ohio's value-added data system provides educators a more complete picture of student growth. As a vital component of Ohio's accountability system, districts and educators have access to an extensive array of diagnostic data through the Education Value-Added Assessment System (EVAAS). From a state perspective, value-added data provide insights into student performance. For example, schools that do not appear to be achieving at high levels as traditionally measured can demonstrate through value-added data that many of their students are achieving significant progress. It is important to recognize these gains, as schools work to support students who have chronically struggled to perform. Student growth measures also provide students and parents with evidence of the impact of their efforts.

Limitations of the Value-Added Data:

1. The information in the report is for those individuals receiving their licenses with effective years of, 2010, 2011, 2012, and 2013.
2. The value-added data in this report are those reported by Ohio's Education Value-Added Assessment System (EVAAS) based on reading and mathematics achievement tests in grades 4-8.

Field and Clinical Experiences for College of Mount Saint Joseph Candidates

Reporting Period from Sept 1, 2013 to Aug 31, 2014

(Data Source: College of Mount Saint Joseph)

Description of Data:

Ohio requires that teacher candidates complete field and clinical experiences in school settings as part of their preparation. These experiences include: 1) early and ongoing field-based opportunities for candidates to engage with K-12 students in Ohio classrooms prior to their formal student teaching; and 2) the culminating clinical experience commonly referred to as student teaching. Early field/clinical experiences are reported in hours. Student teaching is reported in weeks. Beyond the requisite statewide minimums, institutional requirements for candidates can vary by institution and by program. The information below is reported at the unit level.

Teacher Preparation Programs

Field/Clinical Experience Element	College of Mount Saint Joseph Requirements
Minimum number of field/clinical hours required of candidates in teacher preparation programs at the institution	100
Maximum number of field/clinical hours required of candidates in teacher preparation programs at the institution	210
Average number of weeks required to teach full-time within the student teaching experience at the institution	12
Percentage of teacher candidates who satisfactorily completed student teaching	98.25%

Principal Preparation Programs

Field/Clinical Experience Element	Requirements
Total number of field/clinical weeks required of principal candidates in internship	32
Number of candidates admitted to internship	12
Number of candidates completing internship	12
Percentage of principal candidates who satisfactorily completed internship	100%

Educator Preparation Performance Report
College of Mount Saint Joseph

Pre-Service Teacher Survey Results

Description of Data:

To gather information on student satisfaction with the quality of preparation provided by their educator preparation programs, the Ohio Board of Regents and a committee of representatives from Ohio institutions of higher education collaborated to develop a survey of Ohio's Pre-Service Teachers as a special research project. Questions on the survey are aligned with the Ohio Standards for the Teaching Profession (OSTP), Ohio licensure requirements, and elements of national accreditation. The Ohio Board of Regents distributed the online survey to candidates completing their student teaching experiences and collected the data for the Reporting Period from Sept 1, 2013 to Aug 31, 2014. A total of 4206 respondents completed the survey statewide for a response rate of 70 percent.

College of Mount Saint Joseph Survey Response Rate = 93.33%

Total Survey Responses = 56

No.	Question	Institution Average 1=Strongly Disagree 2=Disagree 3=Agree 4=Strongly Agree	State Average (Mean) 1=Strongly Disagree 2=Disagree 3=Agree 4=Strongly Agree
1	My teacher licensure program prepared me with knowledge of research on how students learn.	3.46	3.49
2	My teacher licensure program prepared me to recognize characteristics of gifted students, students with disabilities, and at-risk students in order to plan and deliver appropriate instruction.	3.54	3.34

Statewide Survey of OHIO Resident Educators' Reflections on their Educator Preparation Program

Description of Data:

To gather information on student satisfaction with the quality of preparation provided by their educator preparation programs, the Ohio Board of Regents and a committee of representatives from Ohio institutions of higher education collaborated to develop a survey of Ohio's Resident Educators as a special research project. Questions on the survey are aligned with the Ohio Standards for the Teaching Profession (OSTP), Ohio licensure requirements, and elements of national accreditation. A total of 434 respondents completed the survey statewide for a response rate of 16 Percent. The Ohio Board of Regents distributed the online survey to candidates completing their Resident Educator experiences and collected the data for the Reporting Period from Sept 1, 2013 to Aug 31, 2014.

No.	Question	Institution Average 1=Strongly Disagree 2=Disagree 3=Agree 4=Strongly Agree	State Average (Mean) 1=Strongly Disagree 2=Disagree 3=Agree 4=Strongly Agree

College of Mount Saint Joseph

National Accreditation

(Data Source: Ohio Board of Regents)

Description of Data:

All educator preparation programs (EPPs) in Ohio are required to be accredited by either the National Council for Accreditation of Teacher Education (NCATE), the Teacher Education Accreditation Council (TEAC), or their successor agency, the Council for Accreditation of Educator Preparation (CAEP). Accreditation is a mechanism to ensure the quality of an institution and its programs. The accreditation of an institution and/or program helps employers evaluate the credential of job applicants.

Accrediting Agency	TEAC
Date of Last Review	March 2006
Accreditation Status	Accredited

Teacher Residency Program

Reporting Period from Sept 1, 2013 to Aug 31, 2014

(Data Source: Ohio Department of Education)

Description of Data:

The Resident Educator Program in Ohio is a system of support that encompasses a robust four-year teacher development system designed to improve teacher retention and increase student learning. Data are reported for those entering the Resident Educator Program in 2011-2012, 2012-2013 and 2013-2014. Non-completion does not imply dismissal, as leaving the program may be due to multiple factors.

Excellence and Innovation Initiatives
Reporting Period from Sept 1, 2013 to Aug 31, 2014
(Data Source: College of Mount Saint Joseph)

Description of Data:

This section provides each program the opportunity to share information on a maximum of three initiatives geared to increase excellence and support innovation in the preparation of Ohio educators.

Teacher Licensure Programs

Initiative:	Fully Online Reading & Pre-K Special Needs Endorse
Purpose:	To facilitate the granting of reading and pre-K special needs endorsements to teachers who are already fully employed in the classroom.
Goal:	To provide access to endorsements for teachers who serve in the critical areas of reading and supporting young students with special needs.
Number of Participants:	57
Strategy:	Course delivery for these two endorsements is fully online. Teachers gain endorsements that make their licenses more valuable and help better serve students who are struggling.
Demonstration of Impact:	New cohorts just began within these programs during the 2013-14 school year; data is unavailable.
External Recognition:	
Programs:	
Initiative:	Women in Science Experience
Purpose:	To give young high-school aged women an opportunity to experience what it's like to be a biologist, botanist, chemist, geologist, physicist or mathematician while being guided by experienced professor
Goal:	To inspire women to pursue a career in the field of science.
Number of Participants:	11
Strategy:	This summer camp program is open to women who are incoming 9th graders through 12th graders. Participants live in the dorm during the four-day experience. They are instructed by college professors from the Chemistry and Education Departments with guest speakers who are career women in the science field. The group will take a field trip to Miami Whitewater Park to gather water samples for analysis.
Demonstration of Impact:	Participant surveys on a 5-point scale reveal that the most valued components were the Women in Science panel speakers (5.0), the field trip to Miami Whitewater (4.75), and the overall impression of the program (4.63).

Initiative:	Teacher Education Accelerated Master's (TEAM)
Purpose:	To accelerate the completion of teaching licenses in special education and early childhood classroom and the awarding of a Master of Arts – Major in Teaching degree. To provide a viable option for th
Goal:	To prepare individuals to enter the special education or early childhood classrooms fully licensed.
Number of Participants:	25
Strategy:	Course delivery includes a unique blend of face-to-face and online learning experiences. The TEAM Multicultural Special Education Program can be completed in four semesters for a second license in special education, 6 semesters for those who have never taught, and an extra 2 semesters to secure a Pre-Kindergarten Special Needs Endorsement. The TEAM Inclusive Early Childhood Education Program can be completed in 15 months. Additional time is required for the Reading Endorsement and/or Pre-Kindergarten Special Needs Endorsement.
Demonstration of Impact:	Over the past year, Mount St. Joseph has awarded 25 Master's degrees and teacher licenses within this accelerated Master's program.

Principal Licensure Programs

Initiative:	Internship Team Approach
Purpose:	To enhance the year-long school leadership field experience
Goal:	To mentor the interns and guide them through application projects in the school/district in which they teach
Number of Participants:	12
Strategy:	Our Principal Licensure program includes a year-long school leadership field experience in the internship courses. Interns are supported by their mentors in their home schools, as well as by their university supervisor and internship professor. A fourth member of the internship team is an experienced school leader who holds the principal license and who serves as a personal field coach to the intern. The field coach provides guidance and serves as an expert resource to the intern over the two semesters. The field coach has no less than three meetings with the intern each semester of the field experience. The addition of the field coach has proven to enhance the interns' experience, resulting in more meaningful learning experiences and continual reflective practices. The field coach enjoys a reciprocal relationship with the intern so that the coach serves less an evaluative or supervisory role, but more as a reliable resource and professional mentor. The unique internship team approach permits our students to complete projects that purposefully align with the specific needs of the school/district in which they are employed.
