

# 2014 Ohio Educator Preparation Performance Report

## Lake Erie College

### Report Overview

To continuously improve the quality of educator preparation programs in Ohio, H.B. 1 of the 128th General Assembly directed the Chancellor of the Board of Regents to develop a system for evaluating Ohio's educator preparation programs and holding institutions of higher education accountable for their graduates' success. H.B. 290 of the 128th General Assembly provided for the sharing of data between the Ohio Board of Regents and the Ohio Department of Education to link the performance of educators to the institutions that prepared them.

The identification of metrics and the report format were developed in collaboration with representatives from the 13 public and 38 private educator preparation providers in Ohio, as well as state agencies, and organizations. The Board of Regents works with the Ohio Department of Education and educator preparation programs to collect data on the following identified preparation metrics for the annual reports:

- Ohio Teacher Evaluation System (OTES) Results for Program Completers
- Ohio Principal Evaluation System (OPES) Results for Program Completers
- edTPA™ Results for Program Completers
- Licensure Test Results for Program Completers
- Value-added Data (EVAAS) for K-12 Students Taught by Program Completers
- Candidate Academic Measures
- Field/Clinical Experiences
- Pre-Service Teacher Candidate Survey Results
- Resident Educator Survey Results
- Resident Educator Persistence Data
- Excellence and Innovation Initiatives
- National Accreditation

### Ohio Teacher Evaluation System (OTES) Results for Individuals Completing Teacher Preparation Programs at Lake Erie College

Reporting Period: September 1, 2013 through August 31, 2014

#### Description of Data:

Ohio's system for evaluating teachers (Ohio's Teacher Evaluation System) provides educators with a rich and detailed view of their performance, with a focus on specific strengths and opportunities for improvement. The system is research-based and designed to be transparent, fair, and adaptable to the specific contexts of Ohio's districts. Furthermore, it builds on what educators know about the importance of ongoing assessment and feedback as a powerful vehicle to support improved practice. Teacher performance and student academic growth are the two key components of Ohio's evaluation system.

Limitations of the Ohio Teacher Evaluation System (OTES) Data:

1. The information in the report is for those individuals receiving their licenses with effective years of 2010, 2011, 2012, and 2013.
2. The teacher evaluation data in this report are provided by the Ohio Department of Education based on the original framework of 50 percent teacher evaluation and 50 percent student growth measure.
3. The number of teachers (N) with associated OTES data remains small at this point, and due to Ohio Revised Code, must be masked for institutions with fewer than 10 linked teachers.

Effective Licensure Year	Associated Teacher Evaluation Classifications			
	# Ineffective	# Developing	# Skilled	# Accomplished
2010	<10	<10	<10	<10
2011	<10	<10	<10	<10
2012	<10	<10	<10	<10
2013	<10	<10	<10	<10

John Carey, Chancellor

# 2014 Ohio Educator Preparation Performance Report

## Lake Erie College

### Ohio Principal Evaluation System (OPES) Results for Individuals Completing Principal Preparation Programs at Lake Erie College

Reporting Period: September 1, 2013 through August 31, 2014

**Description of Data:**

Ohio's system for evaluating principals (Ohio's Principal Evaluation System) provides building leaders with a richer and more detailed view of their performance, with a focus on specific strengths and opportunities for improvement.

Evaluations have two components, each weighted at 50 percent:

1. Principal performance rating, determined from:
  - a. A professional growth plan
  - b. Two 30 minute observations
  - c. Walkthroughs of building classrooms
2. Student academic growth rating for the building

The Ohio Principal Evaluation System (OPES) data reported here are limited in that the information in the report is for those individuals receiving their licenses with effective years of 2010, 2011, 2012, and 2013.

Effective Licensure Year	Number of Principals with OPES Data	Associated Principal Evaluation Classifications			
		Ineffective	Developing	Skilled	Accomplished
2010	0	N = N/A % = N/A	N = N/A % = N/A	N = N/A % = N/A	N = N/A % = N/A
2011	0	N = N/A % = N/A	N = N/A % = N/A	N = N/A % = N/A	N = N/A % = N/A
2012	0	N = N/A % = N/A	N = N/A % = N/A	N = N/A % = N/A	N = N/A % = N/A
2013	0	N = N/A % = N/A	N = N/A % = N/A	N = N/A % = N/A	N = N/A % = N/A

### edTPA™ Assessment Results for Individuals Completing Teacher Preparation Programs at Lake Erie College

Reporting Period: September 1, 2013 through August 31, 2014

**Description of Data:**

Ohio educator preparation programs have participated in the development of the [edTPA™](#), a performance assessment for educator candidates. At this time, the edTPA™ is not an Ohio licensure requirement or a program completion requirement. In this report, only results from the edTPA™ national scoring process are reported. Results from candidates whose assessments were scored locally are not reported.

Score Range	Institution Average Score	Ohio State Average Score	National Mean Score
15 - 75	39.3	41.9	43.7

# 2014 Educator Preparation Performance Report Lake Erie College

---

## Institution Profile

(Data Source: Lake Erie College)

Lake Erie College is an independent, coeducational institution that was established in 1856. Its instruction at the baccalaureate and master degree levels of study is founded in the liberal arts that prepare students to meet career and life challenges as educated and responsible citizens. Real-life experiences such as internships and study abroad expose them to a world that is increasingly interdependent, expanding their world view. The smaller campus allows the focus to be on individuals as they learn to communicate effectively, think critically and creatively, and make informed decisions.

### Education Department of Lake Erie College

Lake Erie College offers programs leading to licensure for early childhood education, adolescent/young adult education and special education: intervention specialist - mild to moderate. Education programs at Lake Erie College are based on a conceptual framework which embodies professionalism, knowledge, collaboration, reflection and a commitment to diversity and the development of all students. Programs are performance based with a focus on field and clinical experiences that provide teacher candidates with opportunities that allow them to develop into professional practitioners.

---

## Licensure Test Scores for Individuals Completing Educator Preparation Programs at Lake Erie College

Reporting period for 9/1/2012 through 8/31/2013

(Data Source: Ohio Department of Education)

### Description of Data:

For the period reflected on this report, Ohio required that teacher candidates pass Praxis II® examinations by scoring at or above the state's established required score to be recommended for licensure and receive endorsements in specific fields. The reporting for Teacher Licensure Test Scores is based on Federal Title II data and therefore reflects only initial licensure for 2012-2013. The data also reflect the best attempt of each test taker. Data are not provided for additional licenses that an educator earns after her/his initial license. Most licenses in Ohio require that candidates pass more than one licensure examination, therefore the number of "Completers Tested" in the first table is smaller than the sum total of all takers of all assessments in the subsequent table. For institutions with fewer than 10 linked teachers or principals, only the N is reported.

Summary Rating: Effective		
	Completers Tested	Pass Rate Percentage
All Teacher Licensure Tests	19	100%

**Lake Erie College**

---

**Value-Added Data for Individuals Completing Educator Preparation Programs at**  
**Lake Erie College**  
Reporting Period from Sept 1, 2013 to Aug 31, 2014

**Description of Data:**

Ohio's value-added data system provides educators a more complete picture of student growth. As a vital component of Ohio's accountability system, districts and educators have access to an extensive array of diagnostic data through the Education Value-Added Assessment System (EVAAS). From a state perspective, value-added data provide insights into student performance. For example, schools that do not appear to be achieving at high levels as traditionally measured can demonstrate through value-added data that many of their students are achieving significant progress. It is important to recognize these gains, as schools work to support students who have chronically struggled to perform. Student growth measures also provide students and parents with evidence of the impact of their efforts.

Limitations of the Value-Added Data:

1. The information in the report is for those individuals receiving their licenses with effective years of, 2010, 2011, 2012, and 2013.
2. The value-added data in this report are those reported by Ohio's Education Value-Added Assessment System (EVAAS) based on reading and mathematics achievement tests in grades 4-8.

**Value-Added Data for Lake Erie College-Prepared Teachers**

**Field and Clinical Experiences for Lake Erie College Candidates**

Reporting Period from Sept 1, 2013 to Aug 31, 2014

(Data Source: Lake Erie College)

**Description of Data:**

Ohio requires that teacher candidates complete field and clinical experiences in school settings as part of their preparation. These experiences include: 1) early and ongoing field-based opportunities for candidates to engage with K-12 students in Ohio classrooms prior to their formal student teaching; and 2) the culminating clinical experience commonly referred to as student teaching. Early field/clinical experiences are reported in hours. Student teaching is reported in weeks. Beyond the requisite statewide minimums, institutional requirements for candidates can vary by institution and by program. The information below is reported at the unit level.

**Teacher Preparation Programs**

<b>Field/Clinical Experience Element</b>	<b>Lake Erie College Requirements</b>
Minimum number of field/clinical hours required of candidates in teacher preparation programs at the institution	150
Maximum number of field/clinical hours required of candidates in teacher preparation programs at the institution	200
Average number of weeks required to teach full-time within the student teaching experience at the institution	15
Percentage of teacher candidates who satisfactorily completed student teaching	100%

**Pre-Service Teacher Survey Results**

**Description of Data:**

To gather information on student satisfaction with the quality of preparation provided by their educator preparation programs, the Ohio Board of Regents and a committee of representatives from Ohio institutions of higher education collaborated to develop a survey of Ohio's Pre-Service Teachers as a special research project. Questions on the survey are aligned with the Ohio Standards for the Teaching Profession (OSTP), Ohio licensure requirements, and elements of national accreditation. The Ohio Board of Regents distributed the online survey to candidates completing their student teaching experiences and collected the data for the Reporting Period from Sept 1, 2013 to Aug 31, 2014. A total of 4206 respondents completed the survey statewide for a response rate of 70 percent.

**Lake Erie College Survey Response Rate = 100%**

**Statewide Survey of OHIO Resident Educators' Reflections on their Educator Preparation Program**

**Description of Data:**

To gather information on student satisfaction with the quality of preparation provided by their educator preparation programs, the Ohio Board of Regents and a committee of representatives from Ohio institutions of higher education collaborated to develop a survey of Ohio's Resident Educators as a special research project. Questions on the survey are aligned with the Ohio Standards for the Teaching Profession (OSTP), Ohio licensure requirements, and elements of national accreditation. A total of 434 respondents completed the survey statewide for a response rate of 16 Percent. The Ohio Board of Regents distributed the online survey to candidates completing their Resident Educator experiences and collected the data for the Reporting Period from Sept 1, 2013 to Aug 31, 2014.

**National Accreditation**

(Data Source: Ohio Board of Regents)

**Description of Data:**

All educator preparation programs (EPPs) in Ohio are required to be accredited by either the National Council for Accreditation of Teacher Education (NCATE), the Teacher Education Accreditation Council (TEAC), or their successor agency, the Council for Accreditation of Educator Preparation (CAEP). Accreditation is a mechanism to ensure the quality of an institution and its programs. The accreditation of an institution and/or program helps employers evaluate the credential of job applicants.

**Teacher Residency Program**

Reporting Period from Sept 1, 2013 to Aug 31, 2014

(Data Source: Ohio Department of Education)

**Description of Data:**

The Resident Educator Program in Ohio is a system of support that encompasses a robust four-year teacher development system designed to improve teacher retention and increase student learning. Data are reported for those entering the Resident Educator Program in 2011-2012, 2012-2013 and 2013-2014. Non-completion does not imply dismissal, as leaving the program may be due to multiple factors.

## Excellence and Innovation Initiatives

Reporting Period from Sept 1, 2013 to Aug 31, 2014

(Data Source: Lake Erie College)

### Description of Data:

This section provides each program the opportunity to share information on a maximum of three initiatives geared to increase excellence and support innovation in the preparation of Ohio educators.

#### Teacher Licensure Programs

<b>Initiative:</b>	Introduction to Students with Exceptional Learning
<b>Purpose:</b>	All teacher candidates are required to take this course. The purpose is to introduce them to all areas of disabilities as well as the legislation and regulations of IDEA and t504. Emphasis is placed
<b>Goal:</b>	To enrich the students' understanding, empathy and acceptance of people with disabilities by providing opportunities to interact with individuals and agencies.
<b>Number of Participants:</b>	32
<b>Strategy:</b>	The following experiences have been provided for the teacher candidates: • Painesville City School's Director of ELL Programs addresses multicultural and bilingual students and aspects of special education. • Mentor City School's parent addresses the needs and perspective of a parent of a child with Down's Syndrome who is included in the general education classes. She also addresses the IEP process and the parents' role in the same. • Lake County Board of Developmental Disabilities runs a pre-K-12 school (Broadmoor) for students with multiple disabilities. The LEC students tour the building to learn about services provided. They also play a basketball game against the undefeated Broadmoor Bobcats team. The team is comprised of young adults with multiple disabilities. The LEC students also participate with the wheelchair dance team in a half-time performance. • Lake County Educational Service Center runs the high school LEAD program fo
<b>Demonstration of Impact:</b>	At this time, the only data gathered is verbal discussions of the experiences. Students comment that they have a new understanding and compassion for people with disabilities. Some students decide to pursue a special education degree as a result of these experiences. The course evaluations completed at the end of the semester have always been favorable in terms of the experiences listed above.
<b>External Recognition:</b>	At this time, the only recognition is from the various agencies who compliment the program for providing such a wide variety of experiences to enhance the teacher candidates' knowledge of programs available and understanding of people with disabilities. Area administrators in local schools have com
<b>Programs:</b>	None at this time.
<b>Initiative:</b>	LEC-Maple Tutoring
<b>Purpose:</b>	Pre-service teachers tutor two children twice per week in reading and writing through original, differentiated lessons.
<b>Goal:</b>	1. Pre-service teachers will learn how to teach reading without relying on a curriculum package; teachers will develop consistency in lessons for each specific child throughout the course of the academic year; they will collaborate with participating teachers through email and conferring as needed.

<b>Number of Participants:</b>	15
<b>Strategy:</b>	Lake Erie College students spend three weeks on campus in an intensive introduction to teaching literacy. Following that, one class session is spent tutoring and the other is back in class to discuss the tutoring within the context of our textbooks. Students collaborate with one another as facilitated by instructor by sharing successes, ideas, and requests for assistance.
<b>Demonstration of Impact:</b>	Will be available spring of 2015.
<b>External Recognition:</b>	
<b>Programs:</b>	Associated with Early Childhood and Intervention Specialist programs
