

# 2014 Ohio Educator Preparation Performance Report

## Miami University

### Report Overview

To continuously improve the quality of educator preparation programs in Ohio, H.B. 1 of the 128th General Assembly directed the Chancellor of the Board of Regents to develop a system for evaluating Ohio's educator preparation programs and holding institutions of higher education accountable for their graduates' success. H.B. 290 of the 128th General Assembly provided for the sharing of data between the Ohio Board of Regents and the Ohio Department of Education to link the performance of educators to the institutions that prepared them.

The identification of metrics and the report format were developed in collaboration with representatives from the 13 public and 38 private educator preparation providers in Ohio, as well as state agencies, and organizations. The Board of Regents works with the Ohio Department of Education and educator preparation programs to collect data on the following identified preparation metrics for the annual reports:

- Ohio Teacher Evaluation System (OTES) Results for Program Completers
- Ohio Principal Evaluation System (OPES) Results for Program Completers
- edTPA™ Results for Program Completers
- Licensure Test Results for Program Completers
- Value-added Data (EVAAS) for K-12 Students Taught by Program Completers
- Candidate Academic Measures
- Field/Clinical Experiences
- Pre-Service Teacher Candidate Survey Results
- Resident Educator Survey Results
- Resident Educator Persistence Data
- Excellence and Innovation Initiatives
- National Accreditation

### Ohio Teacher Evaluation System (OTES) Results for Individuals Completing Teacher Preparation Programs at Miami University

Reporting Period: September 1, 2013 through August 31, 2014

#### Description of Data:

Ohio's system for evaluating teachers (Ohio's Teacher Evaluation System) provides educators with a rich and detailed view of their performance, with a focus on specific strengths and opportunities for improvement. The system is research-based and designed to be transparent, fair, and adaptable to the specific contexts of Ohio's districts. Furthermore, it builds on what educators know about the importance of ongoing assessment and feedback as a powerful vehicle to support improved practice. Teacher performance and student academic growth are the two key components of Ohio's evaluation system.

Limitations of the Ohio Teacher Evaluation System (OTES) Data:

1. The information in the report is for those individuals receiving their licenses with effective years of 2010, 2011, 2012, and 2013.
2. The teacher evaluation data in this report are provided by the Ohio Department of Education based on the original framework of 50 percent teacher evaluation and 50 percent student growth measure.
3. The number of teachers (N) with associated OTES data remains small at this point, and due to Ohio Revised Code, must be masked for institutions with fewer than 10 linked teachers.

Effective Licensure Year	Associated Teacher Evaluation Classifications			
	# Ineffective	# Developing	# Skilled	# Accomplished
2010	<10	13	87	79
2011	<10	<10	32	30
2012	<10	29	83	47
2013	<10	16	55	34

John Carey, Chancellor

# 2014 Ohio Educator Preparation Performance Report

## Miami University

### Ohio Principal Evaluation System (OPES) Results for Individuals Completing Principal Preparation Programs at Miami University

Reporting Period: September 1, 2013 through August 31, 2014

#### Description of Data:

Ohio's system for evaluating principals (Ohio's Principal Evaluation System) provides building leaders with a richer and more detailed view of their performance, with a focus on specific strengths and opportunities for improvement.

Evaluations have two components, each weighted at 50 percent:

1. Principal performance rating, determined from:
  - a. A professional growth plan
  - b. Two 30 minute observations
  - c. Walkthroughs of building classrooms
2. Student academic growth rating for the building

The Ohio Principal Evaluation System (OPES) data reported here are limited in that the information in the report is for those individuals receiving their licenses with effective years of 2010, 2011, 2012, and 2013.

Effective Licensure Year	Number of Principals with OPES Data	Associated Principal Evaluation Classifications			
		Ineffective	Developing	Skilled	Accomplished
2010	0	N = N/A % = N/A	N = N/A % = N/A	N = N/A % = N/A	N = N/A % = N/A
2011	0	N = N/A % = N/A	N = N/A % = N/A	N = N/A % = N/A	N = N/A % = N/A
2012	0	N = N/A % = N/A	N = N/A % = N/A	N = N/A % = N/A	N = N/A % = N/A
2013	0	N = N/A % = N/A	N = N/A % = N/A	N = N/A % = N/A	N = N/A % = N/A

### edTPA™ Assessment Results for Individuals Completing Teacher Preparation Programs at Miami University

Reporting Period: September 1, 2013 through August 31, 2014

#### Description of Data:

Ohio educator preparation programs have participated in the development of the [edTPA™](#), a performance assessment for educator candidates. At this time, the edTPA™ is not an Ohio licensure requirement or a program completion requirement. In this report, only results from the edTPA™ national scoring process are reported. Results from candidates whose assessments were scored locally are not reported.

Score Range	Institution Average Score	Ohio State Average Score	National Mean Score
15 - 75	42.6	41.9	43.7

# 2014 Educator Preparation Performance Report Miami University

---

## Institution Profile

(Data Source: Miami University)

Miami is a public university in the Miami Valley region of Ohio established in 1809 where approximately 15,000 undergraduates and 2,500 graduate students are enrolled at the Oxford campus. Campuses in Hamilton and Middletown and a learning center in West Chester enroll nearly 5,800 additional students and over 300 students study each year at the campus in Differdange, Luxembourg. Providing a strong foundation in the traditional liberal arts and with a focus on teaching undergraduates, Miami ranks among the nation's top universities for the quality of teaching and overall student experience.

## College of Education, Health and Society

The Miami College of Education, Health and Society prepares caring, competent and transformative educators who are dynamic leaders in a changing world. Our graduates work in schools, universities, hospitals, non-profit agencies, government and corporations. With five academic departments, our students may select from preparation programs in Teacher Education, Kinesiology and Health, Family Studies and Social Work, Educational Psychology, and Educational Leadership.

---

## Licensure Test Scores for Individuals Completing Educator Preparation Programs at Miami University

Reporting period for 9/1/2012 through 8/31/2013

(Data Source: Ohio Department of Education)

### Description of Data:

For the period reflected on this report, Ohio required that teacher candidates pass Praxis II® examinations by scoring at or above the state's established required score to be recommended for licensure and receive endorsements in specific fields. The reporting for Teacher Licensure Test Scores is based on Federal Title II data and therefore reflects only initial licensure for 2012-2013. The data also reflect the best attempt of each test taker. Data are not provided for additional licenses that an educator earns after her/his initial license. Most licenses in Ohio require that candidates pass more than one licensure examination, therefore the number of "Completers Tested" in the first table is smaller than the sum total of all takers of all assessments in the subsequent table. For institutions with fewer than 10 linked teachers or principals, only the N is reported.

Summary Rating: Effective		
	Completers Tested	Pass Rate Percentage
All Teacher Licensure Tests	390	97%

**at**  
**Miami University**

Reporting Period from Sept 1, 2013 to Aug 31, 2014  
(Data Source: Miami University)

**Description of Data:**

For the period reflected on this report, Ohio required that principal candidates pass the Ohio Assessment for Educators (015 Educational Leadership) by scoring at or above the state's established required score to be recommended for licensure. The scores are self-reported by each institution for 2013-2014.

---

**Value-Added Data for Individuals Completing Educator Preparation Programs at**  
**Miami University**  
Reporting Period from Sept 1, 2013 to Aug 31, 2014

**Description of Data:**

Ohio's value-added data system provides educators a more complete picture of student growth. As a vital component of Ohio's accountability system, districts and educators have access to an extensive array of diagnostic data through the Education Value-Added Assessment System (EVAAS). From a state perspective, value-added data provide insights into student performance. For example, schools that do not appear to be achieving at high levels as traditionally measured can demonstrate through value-added data that many of their students are achieving significant progress. It is important to recognize these gains, as schools work to support students who have chronically struggled to perform. Student growth measures also provide students and parents with evidence of the impact of their efforts.

Limitations of the Value-Added Data:

1. The information in the report is for those individuals receiving their licenses with effective years of, 2010, 2011, 2012, and 2013.
2. The value-added data in this report are those reported by Ohio's Education Value-Added Assessment System (EVAAS) based on reading and mathematics achievement tests in grades 4-8.

**Value-Added Data for Miami University-Prepared Teachers**

**Field and Clinical Experiences for Miami University Candidates**

Reporting Period from Sept 1, 2013 to Aug 31, 2014

(Data Source: Miami University)

**Description of Data:**

Ohio requires that teacher candidates complete field and clinical experiences in school settings as part of their preparation. These experiences include: 1) early and ongoing field-based opportunities for candidates to engage with K-12 students in Ohio classrooms prior to their formal student teaching; and 2) the culminating clinical experience commonly referred to as student teaching. Early field/clinical experiences are reported in hours. Student teaching is reported in weeks. Beyond the requisite statewide minimums, institutional requirements for candidates can vary by institution and by program. The information below is reported at the unit level.

**Teacher Preparation Programs**

Field/Clinical Experience Element	Miami University Requirements
Minimum number of field/clinical hours required of candidates in teacher preparation programs at the institution	100
Maximum number of field/clinical hours required of candidates in teacher preparation programs at the institution	364
Average number of weeks required to teach full-time within the student teaching experience at the institution	16
Percentage of teacher candidates who satisfactorily completed student teaching	93.73%

**Principal Preparation Programs**

Field/Clinical Experience Element	Requirements
Total number of field/clinical weeks required of principal candidates in internship	16
Number of candidates admitted to internship	26
Number of candidates completing internship	26
Percentage of principal candidates who satisfactorily completed internship	100%

---

**Pre-Service Teacher Survey Results**

**Description of Data:**

To gather information on student satisfaction with the quality of preparation provided by their educator preparation programs, the Ohio Board of Regents and a committee of representatives from Ohio institutions of higher education collaborated to develop a survey of Ohio's Pre-Service Teachers as a special research project. Questions on the survey are aligned with the Ohio Standards for the Teaching Profession (OSTP), Ohio licensure requirements, and elements of national accreditation. The Ohio Board of Regents distributed the online survey to candidates completing their student teaching experiences and collected the data for the Reporting Period from Sept 1, 2013 to Aug 31, 2014. A total of 4206 respondents completed the survey statewide for a response rate of 70 percent.

**Miami University Survey Response Rate = 44%**

**Total Survey Responses = 176**

No.	Question	Institution Average 1=Strongly Disagree 2=Disagree 3=Agree 4=Strongly Agree	State Average (Mean) 1=Strongly Disagree 2=Disagree 3=Agree 4=Strongly Agree
1	My teacher licensure program prepared me with knowledge of research on how students learn.	3.51	3.49
2	My teacher licensure program prepared me to recognize characteristics of gifted students, students with disabilities, and at-risk students in order to plan and deliver appropriate instruction.	3.31	3.34

# 2014 Educator Preparation Performance Report Miami University

---

## Statewide Survey of OHIO Resident Educators' Reflections on their Educator Preparation Program

### Description of Data:

To gather information on student satisfaction with the quality of preparation provided by their educator preparation programs, the Ohio Board of Regents and a committee of representatives from Ohio institutions of higher education collaborated to develop a survey of Ohio's Resident Educators as a special research project. Questions on the survey are aligned with the Ohio Standards for the Teaching Profession (OSTP), Ohio licensure requirements, and elements of national accreditation. A total of 434 respondents completed the survey statewide for a response rate of 16 Percent. The Ohio Board of Regents distributed the online survey to candidates completing their Resident Educator experiences and collected the data for the Reporting Period from Sept 1, 2013 to Aug 31, 2014.

No.	Question	Institution Average 1=Strongly Disagree 2=Disagree 3=Agree 4=Strongly Agree	State Average (Mean) 1=Strongly Disagree 2=Disagree 3=Agree 4=Strongly Agree
1	My teacher licensure program prepared me with knowledge of research on how students learn.	3.38	3.44
2	My teacher licensure program prepared me to recognize characteristics of gifted students, students with disabilities, and at-risk students in order to plan and deliver appropriate instruction.	3.25	3.24
3	My teacher licensure program prepared me with high levels of knowledge and the academic content I plan to teach.	3.31	3.30
4	My teacher licensure program prepared me to identify instructional strategies appropriate to my content area.	3.50	3.40
5	My teacher licensure program prepared me to understand the importance of linking interdisciplinary experiences.	3.44	3.30
6	My teacher licensure program prepared me to align instructional goals and activities with Ohio's academic content standards, including the Common Core State Standards.	3.13	3.26
7	My teacher licensure program prepared me to use assessment data to inform instruction.	3.13	3.26
8	My teacher licensure program prepared me to clearly communicate learning goals to students.	3.13	3.26
9	My teacher licensure program prepared me to apply knowledge of how students learn, to inform instruction.	3.13	3.26
10	My teacher licensure program prepared me to differentiate instruction to support the learning needs of all students, including students identified as gifted, students with disabilities, and at-risk students.	3.13	3.26
11	My teacher licensure program prepared me to identify strategies to increase student motivation and interest in topics of study.	3.44	3.23
12	My teacher licensure program prepared me to create learning situations in which students work independently, collaboratively, and/or a whole class.	3.56	3.38
13	My teacher licensure program prepared me to use strategies for effective classroom management.	3.38	3.26
14	My teacher licensure program prepared me to communicate clearly and effectively.	3.50	3.44
15	My teacher licensure program prepared me to understand the	3.56	3.40

	importance of communication with families and caregivers.		
16	My teacher licensure program prepared me to understand, uphold, and follow professional ethics, policies, and legal codes of professional conduct.	3.69	3.55
17	My teacher licensure program prepared me to use a variety of diagnostic, formative, and summative assessments.	3.25	3.34
18	My teacher licensure program prepared me to understand students' diverse cultures, language skills, and experiences.	3.38	3.30
19	My teacher licensure program prepared me to treat all students fairly and establish an environment that is respectful, supportive, and caring.	3.75	3.58
20	My teacher licensure program prepared me to use technology to enhance teaching and student learning.	3.44	3.21
21	My teacher licensure program prepared me to collaborate with colleagues and members of the community when and where appropriate.	3.56	3.37
22	My teacher licensure program collected evidence of my performance on multiple measures to monitor my progress.	3.38	3.32
23	My teacher licensure program provided me with knowledge of the Ohio Licensure Program standards for my discipline (e.g. NAEYC, CEC, NCTM).	3.06	3.02
24	My teacher licensure program provided me with knowledge of the operation of Ohio schools as delineated in the Ohio Department of Education School Operating Standards.	2.06	2.41
25	My teacher licensure program provided me with knowledge of the requirements for the Resident Educator License.	2.06	2.41
26	My teacher licensure program provided me with knowledge of the Ohio Standards for the Teaching Profession.	3.00	3.09
27	My teacher licensure program provided me with knowledge of the Ohio Standards for Professional Development.	2.94	2.88
28	My teacher licensure program provided me with knowledge of the Ohio Academic Content Standards, including the Common Core State Standards.	2.69	3.00
29	My teacher licensure program provided me with knowledge of the Value-added Growth Measure as defined by the Ohio State Board of Education.	2.13	2.51
30	My teacher licensure program provided field experiences that supported my development as an effective educator focused on student learning.	3.63	3.59
31	My teacher licensure program provided field experiences in a variety of settings (urban, suburban, and rural).	3.19	3.34
32	My teacher licensure program provided student teaching experience(s) that supported my development as an effective educator focused on student learning.	3.63	3.59

**Principal Intern Survey Results**

**Description of Data:**

To gather information on principal intern satisfaction with their preparation programs, the Ohio Board of Regents and a committee of representatives from Ohio institutions of higher education collaborated to develop a survey of Ohio's Principal Interns. Questions on the survey are aligned with the Ohio Standards for Principals, Ohio licensure requirements, and elements of national accreditation. The Ohio Board of Regents distributed the online survey to candidates completing their student teaching experiences and collected the data for the Reporting Period from Sept 1, 2013 to Aug 31, 2014. A total of 207 respondents completed the survey statewide for a response rate of 20 percent.

No.	Question	Institution Average 1=Strongly Disagree 2=Disagree 3=Agree 4=Strongly Agree	State Average (Mean) 1=Strongly Disagree 2=Disagree 3=Agree 4=Strongly Agree
1	My program prepared me to lead and facilitate continuous improvement efforts within a school building setting.	N<10	3.47
2	My program prepared me to lead the processes of setting, monitoring, and achieving specific and challenging goals for all students and staff.	N<10	3.44
3	My program prepared me to anticipate, monitor, and respond to educational developments affecting the school and its environment.	N<10	3.46
4	My program prepared me to lead instruction.	N<10	3.41
5	My program prepared me to ensure the instructional content being taught is aligned with the academic standards (e.g. national, Common Core, state) and curriculum priorities of the school and district.	N<10	3.32
6	My program prepared me to ensure effective instructional practices meet the needs of all students at high levels of learning.	N<10	3.41
7	My program prepared me to encourage and facilitate effective use of data by self and staff.	N<10	3.49
8	My program prepared me to advocate for high levels of learning for all students, including students identified as gifted, students with disabilities, and at-risk students.	N<10	3.43
9	My program prepared me to encourage and facilitate effective use of research by self and staff.	N<10	3.43
10	My program prepared me to support staff in planning and implementing research-based professional development and instructional practices.	N<10	3.40
11	My program prepared me to establish and maintain procedures and practices supporting staff and students with a safe environment conducive to learning.	N<10	3.53
12	My program prepared me to establish and maintain a nurturing school environment addressing the physical and mental health needs of all.	N<10	3.46
13	My program prepared me to allocate resources, including technology, to support student and staff learning.	N<10	3.31
14	My program prepared me to uphold and model professional ethics;	N<10	3.58

**National Accreditation**

(Data Source: Ohio Board of Regents)

**Description of Data:**

All educator preparation programs (EPPs) in Ohio are required to be accredited by either the National Council for Accreditation of Teacher Education (NCATE), the Teacher Education Accreditation Council (TEAC), or their successor agency, the Council for Accreditation of Educator Preparation (CAEP). Accreditation is a mechanism to ensure the quality of an institution and its programs. The accreditation of an institution and/or program helps employers evaluate the credential of job applicants.

**Teacher Residency Program**

Reporting Period from Sept 1, 2013 to Aug 31, 2014

(Data Source: Ohio Department of Education)

**Description of Data:**

The Resident Educator Program in Ohio is a system of support that encompasses a robust four-year teacher development system designed to improve teacher retention and increase student learning. Data are reported for those entering the Resident Educator Program in 2011-2012, 2012-2013 and 2013-2014. Non-completion does not imply dismissal, as leaving the program may be due to multiple factors.

# 2014 Educator Preparation Performance Report Miami University

---

## Excellence and Innovation Initiatives Reporting Period from Sept 1, 2013 to Aug 31, 2014 (Data Source: Miami University)

### Description of Data:

This section provides each program the opportunity to share information on a maximum of three initiatives geared to increase excellence and support innovation in the preparation of Ohio educators.

#### Teacher Licensure Programs

<b>Initiative:</b>	CAEP Transformative Initiative - MAT Programs
<b>Purpose:</b>	To transform our MAT clinical experiences
<b>Goal:</b>	Increase the number of candidates in our MAT programs and the number of completers in each MAT program
<b>Number of Participants:</b>	20
<b>Strategy:</b>	Our MAT TI will analyze the data related to MAT candidates who did not complete their clinical experience. with the goal of increasing the percentage of completers and growing the programs. Our current MAT numbers are small and the student teaching/clinical experience data show that the great majority of candidates who withdraw from student teaching do so because of dispositional issues. Based on the analysis of the withdrawals and of the types of and supports provided during student teaching/clinical experiences, changes to the MAT clinical experiences will be implemented and studied.
<b>Demonstration of Impact:</b>	We are currently collecting data for the TI. During spring 2014, we will collect baseline data; in fall 2014 we will begin collecting intervention data. Data to be analyzed includes: 1) Current research on learning and instruction for nontraditional students 2) Candidate case data including GPA, dispositional assessments, interviews with candidate and clinical faculty 3) Current program design, sequence and supports 4) Efficacy survey data 5) Dispositional assessments
<b>External Recognition:</b>	
<b>Programs:</b>	MAT Math, MAT Science, MAT Language Arts, and MAT Social Studies
<b>Initiative:</b>	CAEP Transformation Initiative - Art
<b>Purpose:</b>	To develop new partnerships and improve the clinical experiences in the Art program
<b>Goal:</b>	To study the effects of a series of graduated experiences and increased collaboration with general education
<b>Number of Participants:</b>	45
<b>Strategy:</b>	The art program is currently undergoing a programmatic restructuring, including sequencing of courses and course content. Research for this initiative will be centered on alignment of three courses: elementary methods, secondary methods and a revised course (ART 395) to focus on art across the curriculum. Our goal in alignment is to create engaging clinical experiences where candidates are asked to think critically about how the arts may be integrated into other disciplinary areas. Likewise, we would hope that teachers engaging with our candidates during clinical experiences are called to consider the impact that visual arts may have in any curriculum. This TI will study the results of increased collaboration with general education and an extended practicum focused on

**2014**  
**Educator Preparation Performance Report**  
**Miami University**

	arts integration.
<b>Demonstration of Impact:</b>	We are currently collecting data for the TI. During spring 2014, we will collect baseline data; in fall 2014 we will begin collecting intervention data. The following data will be analyzed: 1) Pre-survey of non-art teacher perspectives on arts integration 2) Pre-and post-survey of candidate perspectives and knowledge of arts integration 3) Interviews of non-art teachers 4) Artifacts from candidates (including journals, lesson plans, video, etc.)
<b>External Recognition:</b>	
<b>Programs:</b>	Art Education
<b>Initiative:</b>	CAEP Transformation Initiative - TELLs
<b>Purpose:</b>	To improve the clinical experiences; provide the candidates with meaningful cross-cultural experiences
<b>Goal:</b>	To increase the number of teacher-candidates with ELL preparation
<b>Number of Participants:</b>	25
<b>Strategy:</b>	The clinical experience during the first course, Teaching English Language Learners in PK-12: Culture & Second Language Acquisition, is geared toward providing students with significant cross-cultural involvements with cultural buddies found mainly among the international student population of Miami University. Through significant yet individualized cultural and linguistic exchanges with partners of different cultural backgrounds, teacher candidates acquire an invaluable opportunity to test their understandings of their own and other cultures; the experience also provides international students with opportunities to meet and get to know domestic students, and feel more integrated into the Miami community. This experience allows teacher candidates to confront their own beliefs and values, and step outside of their comfort zone to make the American and Miami cultures accessible to others. The experience, by all accounts, is transformative: candidates speak of a greater understanding of themselves and an increased knowledge of another culture and the experiences of international students on campus.
<b>Demonstration of Impact:</b>	a. survey/interview data - stakeholders' (e.g. candidates, cultural buddies, teacher-education faculty members) perceptions about cross-cultural experiences; b. survey/interview data - student engagement of language learners. Candidates explain their pedagogical choices and reasoning when working with an ELL. They explain the quality of their interactions with ELLs and reflect on their developing knowledge of best practices to teach ELLs; c. survey/interview data from cross-cultural buddies rating their experiences (e.g., pairing process, relationship with their buddy, range and quality of activities, etc.) ; d. dispositions assessments; e. social justice and efficacy surveys
<b>External Recognition:</b>	
<b>Programs:</b>	TELLs Program

**2014**  
**Educator Preparation Performance Report**  
**Miami University**

---

**Principal Licensure Programs**

<b>Initiative:</b>	CAEP Transformative Initiative - Principal Program
<b>Purpose:</b>	Transform clinical experiences
<b>Goal:</b>	Increase the number of partnerships; improve our clinical experiences
<b>Number of Participants:</b>	50
<b>Strategy:</b>	We are looking at using the 3 research questions. The first is to determine through a pre- and post-survey, candidates' growth related to their understanding of and responsibility as it relates to equity issues. A second measure would be to analyze the candidates' key assessments that document the change projects they have implemented in their schools. A third measure would be to analyze the candidates' mentors' survey results indicating their view of the candidate's growth and impact on their school communities. We plan to compare these data by site - as each site has unique partnership characteristics. In Dublin, for example, the entire District supports the partnership. Superintendents and principals from the district assist with the delivery of instruction and candidates work alongside principals in their own schools to complete school leader assessments. At the Voice of America site, candidates come from a variety of districts and all are currently teachers. Not all of them are able to design and implement strategies that effect changes in their current school or district.
<b>Demonstration of Impact:</b>	We are currently collecting data for the TI. During spring 2014, we will collect baseline data; in fall 2014 we will begin collecting intervention data. Data to be analyzed includes: 1) Current research on efficacy, social justice and school equity issues 2) Data from an equity audit 3) Pre- and post-survey results (Dispositions, efficacy, social justice, and mentor) 4) Key assessment data (to include analysis of candidate reflections)
<b>External Recognition:</b>	Dublin School District
<b>Programs:</b>
