

2014 Ohio Educator Preparation Performance Report

Ohio State University

Report Overview

To continuously improve the quality of educator preparation programs in Ohio, H.B. 1 of the 128th General Assembly directed the Chancellor of the Board of Regents to develop a system for evaluating Ohio's educator preparation programs and holding institutions of higher education accountable for their graduates' success. H.B. 290 of the 128th General Assembly provided for the sharing of data between the Ohio Board of Regents and the Ohio Department of Education to link the performance of educators to the institutions that prepared them.

The identification of metrics and the report format were developed in collaboration with representatives from the 13 public and 38 private educator preparation providers in Ohio, as well as state agencies, and organizations. The Board of Regents works with the Ohio Department of Education and educator preparation programs to collect data on the following identified preparation metrics for the annual reports:

- Ohio Teacher Evaluation System (OTES) Results for Program Completers
- Candidate Academic Measures
- Ohio Principal Evaluation System (OPES) Results for Program Completers
- Field/Clinical Experiences
- edTPA™ Results for Program Completers
- Pre-Service Teacher Candidate Survey Results
- Licensure Test Results for Program Completers
- Resident Educator Survey Results
- Value-added Data (EVAAS) for K-12 Students Taught by Program Completers
- Resident Educator Persistence Data
- Excellence and Innovation Initiatives
- National Accreditation

Ohio Teacher Evaluation System (OTES) Results for Individuals Completing Teacher Preparation Programs at Ohio State University

Reporting Period: September 1, 2013 through August 31, 2014

Description of Data:

Ohio's system for evaluating teachers (Ohio's Teacher Evaluation System) provides educators with a rich and detailed view of their performance, with a focus on specific strengths and opportunities for improvement. The system is research-based and designed to be transparent, fair, and adaptable to the specific contexts of Ohio's districts. Furthermore, it builds on what educators know about the importance of ongoing assessment and feedback as a powerful vehicle to support improved practice. Teacher performance and student academic growth are the two key components of Ohio's evaluation system.

Limitations of the Ohio Teacher Evaluation System (OTES) Data:

1. The information in the report is for those individuals receiving their licenses with effective years of 2010, 2011, 2012, and 2013.
2. The teacher evaluation data in this report are provided by the Ohio Department of Education based on the original framework of 50 percent teacher evaluation and 50 percent student growth measure.
3. The number of teachers (N) with associated OTES data remains small at this point, and due to Ohio Revised Code, must be masked for institutions with fewer than 10 linked teachers.

Effective Licensure Year	Associated Teacher Evaluation Classifications			
	# Ineffective	# Developing	# Skilled	# Accomplished
2010	<10	21	115	110
2011	<10	10	62	54
2012	<10	32	79	77
2013	<10	36	78	52

John Carey, Chancellor

2014 Ohio Educator Preparation Performance Report

Ohio State University

Ohio Principal Evaluation System (OPES) Results for Individuals Completing Principal Preparation Programs at Ohio State University

Reporting Period: September 1, 2013 through August 31, 2014

Description of Data:

Ohio's system for evaluating principals (Ohio's Principal Evaluation System) provides building leaders with a richer and more detailed view of their performance, with a focus on specific strengths and opportunities for improvement.

Evaluations have two components, each weighted at 50 percent:

1. Principal performance rating, determined from:
 - a. A professional growth plan
 - b. Two 30 minute observations
 - c. Walkthroughs of building classrooms
2. Student academic growth rating for the building

The Ohio Principal Evaluation System (OPES) data reported here are limited in that the information in the report is for those individuals receiving their licenses with effective years of 2010, 2011, 2012, and 2013.

Effective Licensure Year	Number of Principals with OPES Data	Associated Principal Evaluation Classifications			
		Ineffective	Developing	Skilled	Accomplished
2010	7	N = 0 % = 0	N = 0 % = 0	N = 5 % = 71	N = 2 % = 29
2011	3	N = 0 % = 0	N = 0 % = 0	N = 1 % = 33	N = 2 % = 67
2012	4	N = 1 % = 25	N = 0 % = 0	N = 2 % = 50	N = 1 % = 25
2013	3	N = 0 % = 0	N = 1 % = 33	N = 2 % = 67	N = 0 % = 0

edTPA™ Assessment Results for Individuals Completing Teacher Preparation Programs at Ohio State University

Reporting Period: September 1, 2013 through August 31, 2014

Description of Data:

Ohio educator preparation programs have participated in the development of the [edTPA™](#), a performance assessment for educator candidates. At this time, the edTPA™ is not an Ohio licensure requirement or a program completion requirement. In this report, only results from the edTPA™ national scoring process are reported. Results from candidates whose assessments were scored locally are not reported.

Score Range	Institution Average Score	Ohio State Average Score	National Mean Score
15 - 75	44.0	41.9	43.7

2014 Educator Preparation Performance Report Ohio State University

Institution Profile

(Data Source: Ohio State University)

The Ohio State University

Educator Preparation

The Ohio State University Educator Preparation Unit is made up of four colleges, six campuses and more than 50 programs that include initial licenses and professional licenses.

Licensure Test Scores for Individuals Completing Educator Preparation Programs at Ohio State University

Reporting period for 9/1/2012 through 8/31/2013

(Data Source: Ohio Department of Education)

Description of Data:

For the period reflected on this report, Ohio required that teacher candidates pass Praxis II® examinations by scoring at or above the state's established required score to be recommended for licensure and receive endorsements in specific fields. The reporting for Teacher Licensure Test Scores is based on Federal Title II data and therefore reflects only initial licensure for 2012-2013. The data also reflect the best attempt of each test taker. Data are not provided for additional licenses that an educator earns after her/his initial license. Most licenses in Ohio require that candidates pass more than one licensure examination, therefore the number of "Completers Tested" in the first table is smaller than the sum total of all takers of all assessments in the subsequent table. For institutions with fewer than 10 linked teachers or principals, only the N is reported.

Summary Rating: Effective		
	Completers Tested	Pass Rate Percentage
All Teacher Licensure Tests	343	99%

Licensure Test Scores for Individuals Completing Principal Preparation Programs
at
Ohio State University

Reporting Period from Sept 1, 2013 to Aug 31, 2014
(Data Source: Ohio State University)

Description of Data:

For the period reflected on this report, Ohio required that principal candidates pass the Ohio Assessment for Educators (015 Educational Leadership) by scoring at or above the state's established required score to be recommended for licensure. The scores are self-reported by each institution for 2013-2014.

	Completers Tested	Pass Rate Percentage

2014
Educator Preparation Performance Report
Ohio State University

Value-Added Data for Individuals Completing Educator Preparation Programs at
Ohio State University
Reporting Period from Sept 1, 2013 to Aug 31, 2014

Description of Data:

Ohio's value-added data system provides educators a more complete picture of student growth. As a vital component of Ohio's accountability system, districts and educators have access to an extensive array of diagnostic data through the Education Value-Added Assessment System (EVAAS). From a state perspective, value-added data provide insights into student performance. For example, schools that do not appear to be achieving at high levels as traditionally measured can demonstrate through value-added data that many of their students are achieving significant progress. It is important to recognize these gains, as schools work to support students who have chronically struggled to perform. Student growth measures also provide students and parents with evidence of the impact of their efforts.

Limitations of the Value-Added Data:

1. The information in the report is for those individuals receiving their licenses with effective years of, 2010, 2011, 2012, and 2013.
2. The value-added data in this report are those reported by Ohio's Education Value-Added Assessment System (EVAAS) based on reading and mathematics achievement tests in grades 4-8.

Value-Added Data for Ohio State University-Prepared Teachers

Teachers with Effective Licensure Dates 2010, 2011, 2012, 2013		Associated Value-Added Classifications				
Employed as Teachers	Teachers with Value-Added Data	Most Effective	Above Average	Average	Approaching Average	Least Effective
910	211	N = 32 % = 15	N = 30 % = 14	N = 80 % = 38	N = 34 % = 16	N = 35 % = 17

2014
Educator Preparation Performance Report
Ohio State University

Ohio State University Candidate Academic Measures

Reporting Period from Sept 1, 2013 to Aug 31, 2014

(Data Source: Ohio State University)

Description of Data:

Educator preparation programs (EPPs) reported academic measures for students completing their teacher and principal preparation programs. Academic measures reported include assessment results for the ACT®, SAT®, Praxis I®, GRE®, and MAT®, as well as high school, undergraduate, graduate, transfer grade point average, and program admission (GPA). The Ohio Board of Regents calculated statewide weighted mean values based on the EPP-reported data. For institutions with fewer than 10 linked teachers or principals, only the N is reported. Academic measures which do not apply to a specific unit or program are represented by NA.

Field and Clinical Experiences for Ohio State University Candidates

Reporting Period from Sept 1, 2013 to Aug 31, 2014

(Data Source: Ohio State University)

Description of Data:

Ohio requires that teacher candidates complete field and clinical experiences in school settings as part of their preparation. These experiences include: 1) early and ongoing field-based opportunities for candidates to engage with K-12 students in Ohio classrooms prior to their formal student teaching; and 2) the culminating clinical experience commonly referred to as student teaching. Early field/clinical experiences are reported in hours. Student teaching is reported in weeks. Beyond the requisite statewide minimums, institutional requirements for candidates can vary by institution and by program. The information below is reported at the unit level.

Teacher Preparation Programs

Field/Clinical Experience Element	Ohio State University Requirements
Minimum number of field/clinical hours required of candidates in teacher preparation programs at the institution	0
Maximum number of field/clinical hours required of candidates in teacher preparation programs at the institution	510
Average number of weeks required to teach full-time within the student teaching experience at the institution	13
Percentage of teacher candidates who satisfactorily completed student teaching	98.03%

Principal Preparation Programs

Field/Clinical Experience Element	Requirements
Total number of field/clinical weeks required of principal candidates in internship	28
Number of candidates admitted to internship	15
Number of candidates completing internship	15
Percentage of principal candidates who satisfactorily completed internship	100%

Educator Preparation Performance Report
Ohio State University

Pre-Service Teacher Survey Results

Description of Data:

To gather information on student satisfaction with the quality of preparation provided by their educator preparation programs, the Ohio Board of Regents and a committee of representatives from Ohio institutions of higher education collaborated to develop a survey of Ohio's Pre-Service Teachers as a special research project. Questions on the survey are aligned with the Ohio Standards for the Teaching Profession (OSTP), Ohio licensure requirements, and elements of national accreditation. The Ohio Board of Regents distributed the online survey to candidates completing their student teaching experiences and collected the data for the Reporting Period from Sept 1, 2013 to Aug 31, 2014. A total of 4206 respondents completed the survey statewide for a response rate of 70 percent.

Ohio State University Survey Response Rate = 50.13%

Total Survey Responses = 189

No.	Question	Institution Average 1=Strongly Disagree 2=Disagree 3=Agree 4=Strongly Agree	State Average (Mean) 1=Strongly Disagree 2=Disagree 3=Agree 4=Strongly Agree
1	My teacher licensure program prepared me with knowledge of research on how students learn.	3.40	3.49
2	My teacher licensure program prepared me to recognize characteristics of gifted students, students with disabilities, and at-risk students in order to plan and deliver appropriate instruction.	3.17	3.34
3	My teacher licensure program prepared me with high levels of knowledge and the academic content I plan to teach.	3.27	3.33
4	My teacher licensure program prepared me to identify instructional strategies appropriate to my content area.	3.49	3.46
5	My teacher licensure program prepared me to understand the importance of linking interdisciplinary experiences.	3.34	3.41
6	My teacher licensure program prepared me to align instructional goals and activities with Ohio's academic content standards, including the Common Core State Standards.	3.61	3.57
7	My teacher licensure program prepared me to use assessment data to inform instruction.	3.47	3.43
8	My teacher licensure program prepared me to clearly communicate learning goals to students.	3.46	3.46
9	My teacher licensure program prepared me to apply knowledge of how students learn, to inform instruction.	3.46	3.51
10	My teacher licensure program prepared me to differentiate instruction to support the learning needs of all students, including students identified as gifted, students with disabilities, and at-risk students.	3.33	3.43
11	My teacher licensure program prepared me to identify strategies to increase student motivation and interest in topics of study.	3.23	3.32
12	My teacher licensure program prepared me to create learning situations in which students work independently, collaboratively, and/or a whole class.	3.42	3.50

Statewide Survey of OHIO Resident Educators' Reflections on their Educator Preparation Program

Description of Data:

To gather information on student satisfaction with the quality of preparation provided by their educator preparation programs, the Ohio Board of Regents and a committee of representatives from Ohio institutions of higher education collaborated to develop a survey of Ohio's Resident Educators as a special research project. Questions on the survey are aligned with the Ohio Standards for the Teaching Profession (OSTP), Ohio licensure requirements, and elements of national accreditation. A total of 434 respondents completed the survey statewide for a response rate of 16 Percent. The Ohio Board of Regents distributed the online survey to candidates completing their Resident Educator experiences and collected the data for the Reporting Period from Sept 1, 2013 to Aug 31, 2014.

No.	Question	Institution Average 1=Strongly Disagree 2=Disagree 3=Agree 4=Strongly Agree	State Average (Mean) 1=Strongly Disagree 2=Disagree 3=Agree 4=Strongly Agree
1	My teacher licensure program prepared me with knowledge of research on how students learn.	3.51	3.44
2	My teacher licensure program prepared me to recognize characteristics of gifted students, students with disabilities, and at-risk students in order to plan and deliver appropriate instruction.	3.19	3.24
3	My teacher licensure program prepared me with high levels of knowledge and the academic content I plan to teach.	3.30	3.30
4	My teacher licensure program prepared me to identify instructional strategies appropriate to my content area.	3.57	3.40
5	My teacher licensure program prepared me to understand the importance of linking interdisciplinary experiences.	3.43	3.30
6	My teacher licensure program prepared me to align instructional goals and activities with Ohio's academic content standards, including the Common Core State Standards.	3.41	3.26
7	My teacher licensure program prepared me to use assessment data to inform instruction.	3.41	3.26
8	My teacher licensure program prepared me to clearly communicate learning goals to students.	3.41	3.26
9	My teacher licensure program prepared me to apply knowledge of how students learn, to inform instruction.	3.41	3.26

Principal Intern Survey Results

Description of Data:

To gather information on principal intern satisfaction with their preparation programs, the Ohio Board of Regents and a committee of representatives from Ohio institutions of higher education collaborated to develop a survey of Ohio's Principal Interns. Questions on the survey are aligned with the Ohio Standards for Principals, Ohio licensure requirements, and elements of national accreditation. The Ohio Board of Regents distributed the online survey to candidates completing their student teaching experiences and collected the data for the Reporting Period from Sept 1, 2013 to Aug 31, 2014. A total of 207 respondents completed the survey statewide for a response rate of 20 percent.

National Accreditation

(Data Source: Ohio Board of Regents)

Description of Data:

All educator preparation programs (EPPs) in Ohio are required to be accredited by either the National Council for Accreditation of Teacher Education (NCATE), the Teacher Education Accreditation Council (TEAC), or their successor agency, the Council for Accreditation of Educator Preparation (CAEP). Accreditation is a mechanism to ensure the quality of an institution and its programs. The accreditation of an institution and/or program helps employers evaluate the credential of job applicants.

Teacher Residency Program

Reporting Period from Sept 1, 2013 to Aug 31, 2014

(Data Source: Ohio Department of Education)

Description of Data:

The Resident Educator Program in Ohio is a system of support that encompasses a robust four-year teacher development system designed to improve teacher retention and increase student learning. Data are reported for those entering the Resident Educator Program in 2011-2012, 2012-2013 and 2013-2014. Non-completion does not imply dismissal, as leaving the program may be due to multiple factors.

Excellence and Innovation Initiatives

Reporting Period from Sept 1, 2013 to Aug 31, 2014
(Data Source: Ohio State University)

Description of Data:

This section provides each program the opportunity to share information on a maximum of three initiatives geared to increase excellence and support innovation in the preparation of Ohio educators.

Teacher Licensure Programs

Initiative:	Brosnan Co-Planning/Co-Teaching
Purpose:	To transform student teaching by changing the focus in student teaching from teaching to P-12 learning
Goal:	Better prepare educators to focus on P-12 learning
Number of Participants:	50
Strategy:	<ul style="list-style-type: none"> • Co-Planning/Co-Teaching: Our innovations with field experiences include a Co-Planning/Co-Teaching model, where student teachers and cooperating teachers use a team approach with a focus on individual student learning that serves the needs of all students in the classroom and emphasizes a variety of assessment techniques to maximize instruction. District cooperating teachers receive significant support for developing knowledge and skill sets for the model. While this model has some similar features to other Co-Teaching models, the high emphasis on analyzing individual student learning makes it stand out as unique. This model also provides scaffolding for preservice teacher candidates that are more developmentally appropriate as compared to the traditional models used in student teaching. The model is being implemented in secondary STEM settings, another unusual feature, and has expanded to other grade bands and content areas.
Demonstration of Impact:	Data indicate higher P-12 scores in a Brosnan CPCT classroom than a teacher alone.
External Recognition:	
Programs:	
Initiative:	Woodrow Wilson Ohio Teaching Fellows - OSU
Purpose:	WWOTF provides research-based preparation & 3 years of prof. dev. for retention in math and science
Goal:	The specialized program uses flexibility alternative content options and sustained mentoring.
Number of Participants:	
Strategy:	WWOT-OSU provides multiple pathways for talented candidates to gain the academic and professional skills necessary to engage students in high needs schools. WWOTF-OSU program models promotes and implements data driven decision making in classroom instruction. The program brings practice and theory together in 7-12 classrooms. A sustained mentor team with a A&S Education and an onsite mentor. Support and sustenance is provided for three years.
Demonstration of Impact:	The first cohort is currently at OSU with an expected graduation date for most Fellows of

Ohio State University

	April 2013. They expect to be employed in high need schools in the 2013-2014 academic year. The program continues to follow their work for their first three years of teaching. We expect that their full impact might occur near the end of this time period.
External Recognition:	
Programs:	
Initiative:	Project ASPIRE
Purpose:	ASPIRE prepares candidates to deliver high quality culturally relevant pedagogy in high-need schools
Goal:	Reform the preparation of teachers by preparing teachers with deep content knowledge.
Number of Participants:	10
Strategy:	agreement with Columbus City Schools. It is designed to reform the preparation of teachers by preparing teachers with deep content knowledge and who are highly qualified to support the learning of all children with an emphasis on children who are English Language Learners, children with special needs, and children in urban areas. The goals are to 1) reform our teacher education programs at both pre-baccalaureate and master's levels around the key notion of consistent, evidence-based guided apprenticeships that support new teachers in both pre-service and post-hiring settings; 2) strengthen Columbus City School's teaching workforce in key, targeted areas of staffing needs; and, 3) lead the development of a mandated, statewide four-year residency for new teachers in Ohio. Cooperating ASPIRE teachers are provided with targeted professional development opportunities.
Demonstration of Impact:	ASPIRE is currently in the evaluation year of the planned initial phase. Data is currently being compiled and prepared for publication.

Principal Licensure Programs

Initiative:	Principals Leadership Academy
Purpose:	The purpose of the Academy is to provide principals of low performing schools in Ohio with a specific plan for improving school performance
Goal:	Strengthen the professional skills of these principals
Number of Participants:	15
Strategy:	The Leadership Academy is designed for Columbus City School principals and leaders of turn around schools. It is collaboration between the EHE and the Fisher College of Business. The program was underwritten by U.S. Department of Education Race to the Top funds, a national program designed to stimulate local and regional initiatives for improving the quality of the nation's public schools.
