

Ohio Student Choice Grant on HEI: Disbursement Query

Melissa R. Sponseller, Analyst, HEI

May 20, 2004

Queries- Disbursement

- Disbursement query
 - Shows when and how much money was granted and disbursed to a student
 - You can view all transactions for all students once or currently enrolled at your school
 - Search by academic year or a particular year and term
 - Search for a particular student by SSN or name

Higher Education Information

The **Higher Education Information** (HEI) system contains data supplied by Ohio's colleges and universities. It is a comprehensive relational database that includes data on students, courses, faculty, facilities, and finances. [How to reach HEI](#)

Student Choice Grant Disbursements

This query provides a term total, academic year total, and student total of all certified grant amounts and disbursement amounts for each student for the period of time selected for the query, along with a total for the institution. It also presents the transaction dates (when the file is loaded into the HEI system) and the disbursement date (when the payment process was run to send funds to your institution). The query limits the output to those records submitted by your institution. In addition, you can use this query to look for a particular student by name or student identifier, or to search for information by year, term, transaction date and/or disbursement date.

1. Select your
school
