

GRADUATE & PROFESSIONAL ADMISSIONS

Data for the "Report of Graduate and Professional Admissions" are reported on an annual basis. The data are a count of all applications for admission and a count of all students actually admitted to graduate programs and graduate-professional programs of medicine, veterinary medicine, law, dentistry, optometry, and professional psychology.

The category, "Number of newly enrolled students holding the baccalaureate as the highest degree" represents only students enrolled for the first time to the graduate school or college of the reporting university. Students granted conditional admission to graduate programs in advance of earning a baccalaureate degree are not included.

Note: Prior to the 1996 publication, professional psychology admissions data were included with medicine programs.
