<sup>1</sup> Some tables include data listed under university "off-campus." These listings indicate instructional activity conducted at sites away from the institution's main campus. Examples of report abbreviations for off-campus are BGOC (Bowling Green State University off-campus) and OUOC (Ohio University off-campus). Community and technical colleges and university branch campuses may also conduct off-campus activity, but data relating to such activity are included in main campus listings. In previous publications, these listings were referred to as "extensions".

<sup>2</sup> Shawnee State Community College received university status in 1986; Columbus Technical Institute, Clark Technical College, and Washington Technical College received state community college status in 1987, 1988, and 1991 respectively. Cincinnati Technical College, Northwest Technical College, Owens Technical College, and Terra Technical College all received community college status in 1994. Jefferson Technical College received community college status in 1995.
