

## **STUDENT COUNT BY MAJOR FIELD OF STUDY AND RANK**

The "Student Count by Major Field of Study and Rank" report classifies students by rank and field of study enrolled during the fall term as of the 14th day after the first day of classes. "Undergraduates" in the report include freshmen, sophomores, pre-juniors, juniors, pre-seniors, seniors, fifth-year undergraduates, and unclassified undergraduates. "Graduate" students include master's, doctoral, and unclassified graduate students. "Professional" students are those expected to be enrolled in a school or college of medicine, dentistry, veterinary medicine, law, or optometry. Totals may not balance exactly due to rounding.

*Note: Due to changes in reporting structure at some campuses, data may not be directly comparable to prior editions. Central Ohio Technical College, Clark State Community College, Kent State University, Ohio State University, Shawnee State University, and Youngstown State University have all altered data definitions concerning major field of study since 1995. Additionally, Bowling Green State University, Kent State University, and Wright State University have altered data definitions concerning student rank since 1995.*
