Course Number	Course Title	Course Description
AWR – 123	Homeland Security Planning for Campus Executives Course	Workshop for campus executive leadership on understanding principles of campus preparedness. Each participant will receive a participant guide, job aid, and a CD ROM that contains additional information on funding sources, job aids, planning tools, resources and web links
AWR – 124-W	Campus Public Safety Response to WMD Incidents	The purpose of the course s to prepare campus public safety personnel to become more proficient in the management of emergencies because of weapons of mass destruction. The content addresses emergency preparedness and security measures that will help higher education administrators to better prepare for terrorism or WMD events
AWR – 132-W	Understanding and Planning for School Bomb Incidents	A four-hour online, awareness level course. At the end of the course, participants will be able to : <ul style="list-style-type: none"> • Describe factors involved in school bomb threats • Identify critical response actions • Recognize primary components of an improvised explosive device • Identify critical components of a school bomb related response plan Course is available at http://respond.emrtc.nmt.edu
AWR – 185	Frontline Responder Training Course (Protecting Soft Targets)	A two-day train-the-trainer course that provides an overview of terrorism awareness. Course objectives include: <ul style="list-style-type: none"> • Identify effective protective systems and basic strategies that will help security personnel assess their own protective systems and vulnerabilities within their facilities • Demonstrate introductory knowledge of how to assess infrastructure elements that could potentially be targeted for terrorist attack

AWR – 189-1	Campus Community Emergency Response Training (Train-the-trainer)	Designed to prepare people to recruit and train campus community emergency response team (CERT) members using the standard CERT curriculum in the unique context of a campus community.
PER – 200	Managing Civil Actions in Threat Incidents: Basic Course	Law enforcement agencies that handle WMD incidents are required to address any civil disturbances that arise as a result of these incidents. Police need to be trained to understand the principles involved in managing civil actions in threat incidents. Poor crowd management within general proximity of a WMD event can easily exacerbate the continued spread of chemical or biological contamination, unless non-public safety persons are prevented from entering and exiting the threat zone
PER – 202	Managing Civil Actions in Threat Incidents: Protester Devices	Civil actions in threat incidents are known by a variety of names: riots, civil disturbances, or protests. From a small peaceful assembly to a large out-of-control, violent confrontation, public safety officials must be prepared to handle the incident. This course provides the skills and tactics necessary to prepare for and mitigate protesters and their devices.
MGT – 300	Managing Civil Actions in Threat Incidents: Command Course	This course builds on the PER – 200 and PER – 220 and provides personnel above the line officer with the knowledge to plan and respond to a civil action in a functional and appropriate manner

FEMA Independent Study Courses
Available at <http://training.fema.gov/IS/crslist.asp>

Course Number	Course Title	Course Description
IS – 100	Introduction to Incident Command	This course introduces the ICS and provides the foundation for higher level ICS training. The course describes the history, features and principles, and organizational structure of the ICS. It also explains the relationship between ICS and the NIMS
IS – 200	Basic Incident Command	This course is designed to enable personnel to operate efficiently during an incident or event within the ICS. IS – 200 provides training on and resource for personnel who are likely to assume a supervisory position within the ICS

IS – 362	Multi-hazard Planning for Schools	<u>Independent study version.</u> This course will provide participants with the basic information and tools needed to develop effective plans for the wide array of potential emergencies that schools may face
